TEL: (310) 552-4400 FAX: (310) 552-8400

1 The County hereby submits its Status Report for the Quarter ending June 30,
2 2024 pursuant to section D.9 of the Settlement Agreement, including addenda,
3 between LA Alliance for Human Rights and other plaintiffs (collectively,
4 “Plaintiffs”) and the County of Los Angeles (“County”) [Dkt. 646] (“Agreement”).
5 The County is pleased to report that it continues to meet or exceed the milestones set
6 forth under the Agreement.

7 **I. KEY ACHIEVEMENTS**

8 **A. The County’s Support For Plaintiffs’ Settlement With The City**

9 **1. Supportive Services For City Housing Clients**

10 The County continues to support the settlement between Plaintiffs and the
11 City of Los Angeles (“City”) by funding intensive case management services
12 (“ICMS”) at permanent housing units (“PSH”), and “mainstream” services at
13 interim housing (“IH”) units, that the City has created pursuant to the City
14 settlement. **Exhibit A2** contains information regarding the number of clients that
15 received ICMS at each of the PSH units reported by the City as of March 31, 2024,
16 which were identified in the City’s April 2024 status report to the Court.¹ The City
17 reported having 2,890 open PSH units, of which the County has provided ICMS to
18 2,349 units (or 2,343 clients).

19 **Exhibit A1** contains information regarding the IH units reported by the City
20 as of March 31, 2024 that the County is supporting by funding mainstream services
21 for eligible clients of the IH site. As explained in prior reports, the “mainstream”
22 services provided under the settlement agreement include public assistance
23 programs, mental health services, substance use disorder services, and benefits
24
25

26 _____
27 ¹ For ease of review, the exhibits to this Report mirror the numbering of exhibits in
28 the County’s prior reports and thus may appear out of nominal sequential order,
including new Exhibit E (discussed in subsection 2, *infra*).

1 advocacy by the County Departments of Mental Health (“DMH”), Health Services
2 (“DHS”), Public Social Services (“DPSS”), and Public Health (“DPH”).

3 The County is in the process of transitioning to a new, better model of service
4 connection between new IH sites and the County Departments that provide
5 mainstream services. Attendant to that transition, the County is also re-evaluating
6 how it captures and reports information regarding the number of IH clients
7 accessing mainstream services each quarter.

8 Referrals/connections to County mainstream services occur on a continuous
9 basis and are not contingent on a client’s stay in any specific IH site. It is common
10 that clients placed in a new IH site are already enrolled in County mainstream
11 services prior to placement as the result of earlier referrals or contacts with County
12 outreach and benefits eligibility teams.

13 Nevertheless, when a new IH site opens, each of the relevant County
14 Departments performs a site visit shortly thereafter to connect with the new IH
15 provider and educate them on how to connect clients to the County services
16 provided by that Department. The site visit also allowed the Departments to
17 dialogue with clients of the new site about mainstream services. However, for a
18 number of reasons, point-in-time snapshots of mainstream service enrollment as of
19 the date of a Department’s initial site visit is too underinclusive to provide a
20 meaningful picture of the mainstream services being accessed by IH clients.

21 In advance of that site visit, County Departments typically receive a roster of
22 current clients against which they can screen for existing program enrollment and/or
23 eligibility. During the site visit, Departments have traditionally prioritized
24 engagement with IH clients who were not already enrolled in mainstream services to
25 which they were potentially eligible. Departments did not have a process (or need)
26 to document contacts with existing recipients of mainstream services.² In addition, a
27

28 ² For an example of how point-in-time data is underinclusive, DPSS visited the

MILLER BARONDESS, LLP
ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 client successfully engaged for the first time during a site visit (or later referred by
2 the IH provider) would necessarily see their enrollment finalized at a date
3 subsequent to the site visit. Currently, the IH providers do not share with the
4 Departments a roster of all IH clients at standard intervals (i.e., monthly, quarterly,
5 etc.). Given the inherently transitional nature of IH, the Departments have no way
6 of reconciling their internal data regarding the mainstream services they provided
7 that quarter with residency at a specific IH site.

8 More importantly, in response to the homelessness crisis, the County is in the
9 process of rolling out an enhanced service connection initiative, the Interim Housing
10 Outreach Program (“IHOP”). IHOP is a cross-agency collaboration among DHS,
11 DMH, and DPH, which operate regional, field-based, multidisciplinary teams to
12 address gaps in behavioral health and physical health services among people
13 experiencing homelessness (“PEH”) who are living in IH. These teams will now
14 have the ability to perform more comprehensive assessments of PEH in IH settings
15 and refer them to mainstream services, including services for higher acuity PEH.
16 IHOP teams will also be able to provide IH providers with training and technical
17 assistance to better support clients. An IHOP team visited the City IH site
18 (Highland Gardens) on July 19, 2024 and provided support to the clients residing
19 there.

20 The County has also piloted and implemented “Service Connection Days” for
21 PEH as they come indoors—an on-site one-stop-shop for people to access essential
22 programs and services that they may need or want, such as physical and mental
23 healthcare, substance use disorder treatment, benefits enrollment, life skills
24 development, and more. Service Connection Days mobilize various Departments to
25

26 _____
27 City’s Highland Gardens site on January 31, 2024. DPSS records confirm that 50
28 percent of IH clients of the site on that day were already receiving General Relief,
and more than three quarters were receiving CalFresh and MediCal benefits.

MILLER BARONDESS, LLP
ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 attend a day of resource navigation at IH sites where PEH are newly housed.
2 Resources available during a Service Connection Day may include DHS’s Housing
3 For Health, which offers assistance in accessing certain health care services, and
4 applying for Social Security Income (SSI) or Social Security Disability Insurance
5 (SSDI); DMH for supportive services and access to outpatient mental health
6 treatment; DPH for substance use disorder treatment; DPSS services for enrollment
7 in General Relief, CalFresh and Medi-Cal programs as well as free tablets and cell
8 phones; the Department of Motor Vehicle to help participants become document
9 ready; specialized support for immigrants and veterans; non-profit service providers;
10 and others. The goal of the program is to further stabilize and ensure continuity of
11 services as people settle into their new location.

12 **2. Contacts And Service Requests From City-Funded Outreach**
13 **Workers To County Departments**

14 As previously reported, the County has worked with LAHSA to implement a
15 new naming convention and data structure within the Homeless Management
16 Information System (“HMIS”) to capture data on referrals from City-funded
17 outreach teams to County Departments, which was not previously recorded by the
18 City outreach teams. HMIS is a secure online data system that tracks and collects
19 client-level data and data on the provision of services and housing of PEH and those
20 who are at risk of homelessness. Local governments that receive federal funding
21 have to have an HMIS that complies with federal data standards.

22 Through the creative, combined efforts of LAHSA and the County Homeless
23 Initiative, the County identified a way to use HMIS to document referrals. After
24 making a referral on behalf of a client, City-funded outreach workers can navigate to
25 the “Programs” tab within the client’s HMIS profile and toggle to the appropriate
26 “Outreach program,” where there is a tab titled “Provide Services.” There, the
27 outreach worker can enter the referral they made. There are different referral
28 pathways depending on the department/program, but the new data fields will capture

MILLER BARONDESS, LLP

ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 the data needed to allow County to report (1) total no. of contacts/service requests,
2 (2) result of contacts/service request, (3) type of service requests (4) agency/org to
3 provide services, (5) No. of Requests Per Individual, and (6) location where Request
4 was made (by zip code).

5 The updated HMIS fields cannot capture service-request disposition
6 information, as that information contains confidential personal identifying and
7 health information prohibited from disclosure by the governing HMIS regulations
8 and other federal and state privacy law. Nevertheless, the HMIS data does permit
9 the Departments to manually check referrals against Department records of services
10 rendered and report aggregate information on service request dispositions.

11 On May 7 and 9, 2024, LAHSA hosted two live trainings for HMIS users. A
12 subsequent training took place on May 21 where a recorded training was provided,
13 including an opportunity to ask questions to LAHSA staff in real time.³ The
14 training invitation was sent to all HMIS users and 617 people attended the trainings,
15 including representatives of the following community partners: LAHSA Homeless
16 Engagement Teams, City-funded multidisciplinary outreach teams, Hope the
17 Mission, The Downtown Women’s Center, the Midnight Mission, Union Station,
18 Volunteers of America, Union Rescue Mission, the Weingert Institute, PATH, and
19 many more. The County Homeless Initiative has also rolled out a referral protocols
20 guide to assist outreach workers, and this HMIS update will be on LAHSA’s regular
21 training schedule. On July 25, 2024, the Departments held an HMIS training just
22 for the City, and in attendance were attorneys from the City Attorneys’ office, and
23 staff from the Mayor’s Office, City Administrative Office, Chief Legislative
24 Analyst, and councilmembers’ office.

25

26

27

28

³ A self-guided training on using the new HMIS fields is also available at the following link: <https://cta.lahsa.org/learn/courses/181/outreach-hmis-referral-training>.

1 Outreach workers have begun using the updated HMIS fields. Although this
2 is a new process and was implemented in the middle of the reporting period,
3 **Exhibit E** contains preliminary data on City-funded Outreach Teams’ access to
4 County Departments after May 7, the date of the first HMIS training.

5 **B. High-Service Need Beds Available To County Outreach Teams**

6 The County continues to use reasonable best efforts to ensure County
7 outreach teams (including the increased MDT and HOME teams referenced below)
8 have access to County high-service need interim housing beds for PEH in the City,
9 pursuant to section D.2 of the Plaintiffs/County settlement. *See **Exhibit B**.*
10 Specifically, those teams have a process in place to make referrals by contacting the
11 County’s bed management center.

12 After the County’s last quarterly report, the County met and conferred with
13 Plaintiffs to discuss the County’s method of reporting data regarding referrals to
14 high-service need beds. As the result of those productive discussions, the County
15 has revised its reporting template with the goal of more clearly describing the
16 disposition of referrals by DHS and DMH outreach teams to these DHS-operated
17 beds. The County’s new reporting template will include data on the number of
18 (1) referrals accepted, and whether the clients have already been placed or are
19 pending placement, (2) referrals returned to the referring outreach worker for re-
20 referral to an alternative housing program better suited to the clients’ acuity level
21 and need, (3) incomplete referrals, and (4) rescinded referrals. In addition to
22 reporting this quarter’s data, the County has re-issued the last quarter’s spreadsheet
23 to correct an inadvertent column misalignment and formula discrepancy that
24 resulted in erroneous accounting for “Referrals Accepted (Pending Placement),”
25 “Referrals Rescinded”, “Referrals Triaged to LAHSA”, “Referrals to Higher Level
26 of Care” and “Incomplete Application.”

MILLER BARONDESS, LLP
ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 **C. Mental Health/Substance Use Disorder Beds**

2 The County is pleased to report that it has brought online more than 1,300
3 new mental health/Substance Use Disorder beds pursuant to section D.3 of the
4 Agreement, and thus exceeded its milestone of having 1,200 beds by December
5 2024. The beds include increased DMH and DPH-SAPC beds, and include a mix of
6 acute and subacute beds, interim housing, recovery bridge housing, urgent care
7 centers, crisis residential treatment program, and Medi-Cal funded treatment beds.
8 The attached chart reflects beds that are open and operational. *See* **Exhibit C**.

9 The County continuously evaluates the greatest needs, and this informs the
10 ratio of different types of beds needed to provide care for patients. Furthermore, the
11 County expands beds across the continuum of care in order to create flow for
12 patients, ensuring they receive the appropriate level of care throughout their
13 treatment journey.

14 **D. Enriched Residential Care For Adult Residential Facilities**
15 **(“ARF”) And Residential Care Facilities For The Elderly**
16 **(“RCFEs”) Beds**

17 The County continues to increase the number of available new subsidies for
18 enriched residential care at ARF and RCFEs (“board and care”) beds. *See*
19 **Exhibit D**. So far, 277 referrals have been accepted. The County has surpassed the
20 160 subsidies by the December 2024 milestone.

21 Pursuant to the Agreement, the County has reported all new referrals to an
22 enriched residential care subsidy, as well as the number of individuals who received
23 one of the new subsidies funded under the Agreement. Accordingly, many referrals
24 may ultimately be accepted for and receive a resource other than a subsidy funded
25 under the Agreement. Like all housing-related benefits, utilization and tenancy also
26 vary over time. If an individual initially referred or accepted for placement in an
27 ARF/RCFE bed is later transitioned into a different form of housing or otherwise
28

1 leaves the subsidy, a new client is able to utilize that enriched residential care
2 subsidy.

3 **E. Multi-Disciplinary Teams (“MDTs”) And Homeless Outreach**
4 **Mobile Engagement (“HOME”) Teams**

5 The County has already met its obligation pursuant to sections D.4 and D.5 of
6 the Agreement to increase its MDTs and HOME teams from 27.5 to 44 teams (34
7 MDT and 10 HOME teams). The majority of PEH served by the teams are within
8 the City. As a reminder, MDTs are deployed by DHS and are comprised of
9 individuals with specialized training and expertise as health professionals, mental
10 health specialists, substance abuse counselors, and case managers, as well as
11 someone with lived experience with homelessness, who provide outreach and
12 engagement to connect PEH with complex health and/or behavioral conditions to
13 housing, supportive services, and sources of income. HOME teams are deployed by
14 DMH and are field-based teams that provide field-based outreach, engagement, and
15 treatment to people with severe and persistent mental illness who are experiencing
16 unsheltered homelessness.

17 As previously reported, the County’s 34 MDTs are currently deployed as
18 follows:

Council District	# of MDTs
1	3
2	1
3	1
4	1.5
5	1.5
6	1

The County’s 10 HOME teams that conduct outreach in the City are deployed as follows:

SPA	# of HOME Teams
2	2
4	3
5	2
6	2
8	1

The County continues to deploy these outreach teams on a basis proportionate to the density of PEH in the area, as reflected in the LAHSA Point-In-Time Count. The County and the City met last week to discuss the current distribution of the County-contracted MDTs across the City, and remain in dialogue about how to best deploy this important resource to serve PEH in the City.

F. Partnership On City- And County-Owned Land

The City and County have agreed to provide each other with an inventory of prioritized parcels but have not identified any new, appropriate sites for additional housing/shelter. Although the County has vacant or underutilized land, much has been earmarked for future developments or are otherwise unsuitable to be used as housing due to remediation needs, zoning regulations, or sewage/electrical issues incompatible for human occupancy

MILLER BARONDESS, LLP
ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 **G. Advocacy Efforts For PEH With Serious Mental Illness or**
2 **Substance Use Disorder**

3 The County has continued to work on identifying additional state and federal
4 funding for programs for PEH suffering from serious mental illness and/or
5 Substance Use Disorder (“SUD”), pursuant to sections D.7 of the Agreement.

6 DMH continues to advocate with Federal legislators for flexibility in the
7 Institute for Mental Diseases (“IMD”) Exclusion rule, which prohibits the
8 reimbursement of Federal Medicaid funding for locked mental health facilities with
9 16 beds or more. At the request of one of the County’s Federal legislators, DMH
10 began working with the Chief Executive Office to provide subject matter expertise
11 and assist in the drafting of IMD Exclusion reform language. In June, DMH
12 recommended and the Board of Supervisors accepted the Department’s
13 recommendation and voted to support H.R. 8575 (Goldman), a bill that would allow
14 Federal Medicaid reimbursement for facilities with 36 or fewer beds. During this
15 period DMH also continued to engage with our state legislators and leaders to
16 advocate for additional funding and local control over mental health resources.
17 Through both formal stakeholder/listening sessions hosted by the State
18 Administration, as well as through informal conversations with our administration
19 and legislative leaders, the Department expressed its desire for additional flexibility
20 and local control over Behavioral Health Services Act (“BHSA”) funds.
21 Departmental leaders repeatedly advocated for the State’s forthcoming secondary
22 guidance on the BHSA to provide for additional local controls over funding
23 expenditures. DMH also advocated through our state association of behavioral
24 health directors and through other external partners, for the State’s guidance on the
25 Proposition 1 capital bond funds to meet the stated needs of local Specialty Mental
26 Health Plans (including the needs stated by DMH). In June 2024, DMH also began
27 analyzing California’s proposed amendments to the Behavioral Health Community-
28 Based Organized Networks of Equitable Care and Treatment (“BH-CONNECT”)

MILLER BARONDESS, LLP
ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 Federal Waiver application and recommended that the County support the State’s
2 proposal to draw down additional Federal Medicaid reimbursement to support
3 enhanced residential services, including room and board costs, for our residents
4 living with serious mental illness.

5 These efforts were mirrored by the work of DPH-SAPC, which has tracked,
6 served as a subject matter expert on, and advocated for several pieces of legislation
7 to expand services and funding opportunities for unhoused individuals with SUD.
8 For example, in alignment with DPH-SAPC’s Reaching the 95% (R95) Initiative to
9 increase the reach of the SUD treatment system and reshape the way society
10 perceives these conditions, DPH-SAPC seeks to expand housing options for all
11 individuals with SUDs, whether they are interested in Housing First housing options
12 or more recovery-oriented housing options.

13 As a result of DPH’s endeavors, the State Legislature took a particular interest
14 in the intersection between SUD treatment and recovery and housing, with eight (8)
15 bills introduced in the Senate and Assembly. DPH-SAPC has been analyzing and
16 offering its recommendations on these bills. In addition, DPH-SAPC is launching a
17 new housing type called Recovery Housing by Fall 2024. Recovery Housing is
18 similar to Recovery Bridge Housing (“RBH”) but will allow for a stay of up to 12
19 months (as opposed to the RBH maximum stay of 180 days), and residents will be
20 encouraged but not required to be concurrently enrolled in some form of outpatient
21 SUD treatment (as opposed to RBH, which does require concurrent enrollment in
22 outpatient SUD treatment). The program will launch with 150 beds with anticipated
23 expansion over time.

24 With the complex economic outlook at the State level, DPH-SAPC continues
25 to advocate throughout the State Budget process to prevent the elimination or
26 reduction in funding for important supportive housing programs. DPH-SAPC has
27 also worked closely with the California Department of Health Care Services
28 (DHCS) on the Section 1115 demonstration request for the BH-CONNECT, which

MILLER BARONDESS, LLP
ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 seeks to expand Medi-Cal coverage and improve outcomes for Medi-Cal members
2 experiencing the greatest inequities in behavioral healthcare, including persons at
3 risk of experiencing homelessness. During the DHCS public comment period, DPH-
4 SAPC highlighted the importance of expanding Medicaid coverage for room and
5 board for residential behavioral health settings, as well as the importance of
6 extended lengths of stay for residential SUD care. DPH-SAPC also recommended
7 language in the BH-CONNECT Addendum to ensure that services are trauma-
8 informed, include harm reduction principles, and are focused on coordinated access
9 and continuity of care, among other best practices for person-centered care.

10 **H. Invoice Website**

11 The County has created the website <https://lacounty.gov/alliance/> to publish
12 claims and invoices submitted to the County departments that contract for or render
13 services pursuant to the County’s Settlement Agreement in this Action (DHS, DMH,
14 and DPH-SAPC). Invoice processing timelines and procedures vary depending on
15 the department and its specific agreement terms. Generally, providers typically
16 submit invoices/claims within 1-2 months upon completion of services (billing in
17 arrears). Upon receipt of the invoices/claims, the departments review them for
18 accuracy before issuing payment.

19 Before invoices can be uploaded to the County’s site, all personal identifying
20 information must be removed, which is very time consuming. The County is
21 committed to uploading these invoices as quickly as possible, on a monthly basis.
22 To improve clarity, the County has added a “last updated” field to the site. On July
23 29, 2024, the County also met with Plaintiffs, the City, the Monitors, and the
24 Honorable André Birotte.

25 **II. CONCLUSION**

26 As set forth herein, the County has complied fully with its obligations under
27 the Plaintiffs/County settlement and expects to continue to meet or exceed the
28 milestones in connection with the next reporting period.

* DPSS: Outreach workers document referrals for screening and assistance with benefits applications to CalWORKs, General Relief, CalFresh, and Medi-Cal submitted to the designated DPSS email address, PEHOutreachReferral@dps.lacounty.gov. DPSS reports on whether it provided benefits information, intake applications, and application dispositions.

** DHS-CBEST: Outreach workers document referrals for screening and assistance with SSI, SSDI, and CAPI applications submitted by e-mail (cbestreferral@dhs.la.county.gov), phone (323-274-3777), or fax (213-482-3395). DHS-CBEST conducts intake appointment and reports on eligibility determinations.

*** DMH: Outreach worker document referrals for PEH experiencing a behavioral health crisis, or otherwise in need of specialty mental health treatment. Crisis referrals are submitted via telephone (800-854-7771), and referrals are added to dispatch board for response by a DMH Field Intervention Team. Other referrals are made through DMH's online portal, where referral is evaluated and assigned to appropriate program (i.e., HOME team, outpatient, or Full-Service Partnership). Upon receipt, provider will contact referring party or client to coordinate services. DMH reports on referral disposition as documented in Department's referral tracking system and/or the client's electronic health record system.

**** DPH-SAPC: Outreach workers document referrals to SASH by calling a 24/7 helpline 800-854-7771, and/or through or through contracted provider staff known as the CENS. SASH and CENS agents are able to provide screening, resources, and further linkage/referrals to SUD-treatment providers. DPH-SAPC reports on referral disposition as documented in clients' electronic health records.
