CASE NO. 2:20-cv-02291 DOC (KES)
STATUS REPORT RE SETTLEMENT
AGREEMENT FOR THE QUARTER
ENDING JUNE 30, 2025

Assigned to the Hon. David O. Carter
and Magistrate Judge Karen E. Scott

MILLER BARONDESS, LLP

ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

The County of Los Angeles (the “County”) hereby files this Status Report (the “Report”) pursuant to section D.9 of the Settlement Agreement, including addenda, with LA Alliance for Human Rights (“Alliance”) and the other plaintiffs (collectively, “Plaintiffs”) (the “Settlement Agreement”) for the Quarter ending June 30, 2025.

I. NEW COUNTY MONITOR

In June 2025, following Judge Jay Gandhi’s resignation as the County Monitor, the Court directed the parties to promptly select a replacement and strongly recommended Justice Thomas Goethals (ret.) for the role. The County and Alliance agreed and selected Justice Goethals as the new County Monitor under the Settlement Agreement. The County thanks Judge Gandhi for his service and looks forward to working with Justice Goethals.

II. REPORTING ITEMS

A. The County’s Support For Plaintiffs’ Settlement With The City

1. Supportive Services For City Housing Clients

The County continues to support the settlement between Alliance and the City of Los Angeles (the “City”) (the “City Settlement”) by funding and providing supportive services at the new permanent supportive housing (“PSH”) and interim housing (“IH”) sites the City has created as part of the City Settlement. **Exhibit A1** provides information about the mainstream services the County is providing to eligible clients at City IH sites reported in the City’s report for the quarter ending March 31, 2025 (the “City Report”) (Dkt. 892). **Exhibit A2** contains information on the total number of clients receiving Intensive Case Management Services (“ICMS”) and mainstream services at the City’s PSH sites, as reported in the City Report. The County notes that some sites were reported by the City as PSH sites, but they were not actually PSH.

This Report includes most of the information on mainstream services the County provided to clients of the City’s Inside Safe sites. Although these sites were

1 previously open, they were newly added to the City Report to fulfill the City's bed
2 obligations to Alliance. Inside Safe is an encampment resolution initiative run
3 through the City Mayor's office, which focuses on transitioning people experiencing
4 unsheltered homelessness in the City into interim housing. The Court concluded in
5 its June 24, 2025 Order that the City was permitted under the City Settlement to
6 count Inside Safe beds provided the City proffer an explanation "for each unit that
7 already physically existed prior to the Settlement Agreement of how the City
8 contributed to bringing that unit into existence as a shelter or housing solution for
9 people experiencing homelessness as opposed to its prior use." (Dkt. 991 at 46.)
10 Although the City has filed a notice of appeal of the Court's June 24, 2025 Order
11 (Dkt. 1014) and has not yet provided the requested explanation for the Inside Safe
12 beds per the Order, out of an abundance of caution the County will treat the Inside
13 Safe beds in the City Report as beds created by the City as part of the City
14 Settlement.

15 Prior to the inclusion of Inside Safe beds in the City Report, the County had
16 already been supporting many of the City's Inside Safe operations. Although the
17 County held Service Connection Days and began providing mainstream services at
18 the majority of the Inside Safe sites prior to their inclusion in the City Report, the
19 County is now working on scheduling new events in light of the Court's findings
20 regarding Inside Safe sites and the possibility that the City may appropriately count
21 them toward its bed obligations under the City Settlement.

22 **2. Contacts And Service Requests From City-Funded Outreach**
23 **Workers To County Departments**

24 **Exhibit E** contains data on the number of contacts or service support
25 requests/referrals made by City-funded outreach workers to County Departments –
26 Mental Health ("DMH"), Health Services ("DHS"), Public Social Services
27 ("DPSS"), and Public Health ("DPH"), as well as the outcomes of those contacts
28 and requests for the reporting period. The City does not currently track these

1 referrals and the City Settlement does not require it to do so. However, because the
2 County is required to report on referrals made by the City-funded outreach workers
3 and the outcome of those referrals, it can do so only after receiving that information
4 from the City and/or its funded outreach workers. The City's decision to not track
5 referrals or require its funded outreach workers to attend training on the new
6 Homeless Management Information System ("HMIS") fields, use HMIS, and
7 properly document within it for mainstream services referrals to County departments
8 has made it challenging for the County to report referral information accurately.
9 This has, in turn, resulted in an incomplete picture for Alliance, the Court, and the
10 public.

11 Continued training on the use of these HMIS fields and properly recorded
12 mainstream services referrals would enable the County to capture these referrals and
13 more accurately reflect the County services being accessed by City-funded outreach
14 workers for purposes of **Exhibit E**.

15 Utilization of the new HMIS fields by City-funded outreach workers remains
16 low. Over the past year, and through Special Master Michele Martinez's learning
17 and observation sessions, it was identified that some of the potential reasons for the
18 underreporting of referrals in HMIS included outreach workers not participating in
19 training, not documenting referrals in HMIS, and not utilizing proper pathways to
20 successfully refer clients to County services, which likely contribute to low referral
21 counts. LAHSA hosts regular, free, live online trainings (including sessions held in
22 March, April, and June 2025) and provides 24/7 access to training materials online,
23 none of which have attendance limits. These trainings cover the streamlined referral
24 processes to County mainstream services and how to document referrals in HMIS.
25 However, it is unclear to the County the extent to which the City or its contracted
26 providers ensure their outreach workers attend these trainings, and use and
27 document the mainstream services referrals pathways in HMIS. In addition, the
28 County has not received an updated list of City-funded outreach workers from the

1 City since November 2024.¹ The November list included only partial, incomplete
2 data on the deploying agency and contact information associated with the outreach
3 worker, and without regular updates it is difficult for the County to properly track
4 referrals, especially in light of staffing changes.

5 **B. High-Service Need Beds Available To County Outreach Teams**

6 The County continues to use reasonable best efforts to ensure County
7 outreach teams (including the increased Multi-Disciplinary Team and Homeless
8 Outreach Mobile Engagement teams referenced below) have access to County high-
9 service need interim housing beds for PEH in the City, pursuant to section D.2 of
10 the Settlement Agreement. To date, the County has received a total of 1,368
11 referrals. Of these, 774 referrals have been accepted. Of the accepted referrals, 708
12 PEH have been placed into a high-service need bed and the remaining 66 are
13 pending placement. Some 594 referrals were not accepted for the following
14 reasons: outreach worker recommended referring the individual for an alternate
15 program/assessment, the application was incomplete/missing information from the
16 referrer, or the referral was rescinded. See Exhibit B.

17 **C. Mental Health (“MH”)/Substance Use Disorder Beds (“SUD”)**

18 The County met and exceeded the December 2025 milestone ahead of
19 schedule by 194 beds. The County added 368 MH/SUD beds this quarter, bringing
20 the total to 1,994 beds to date that are newly open and operational. See Exhibit C.
21 The numbers reflected in this Report show net gains (i.e., bed losses are accounted
22 for in the totals).

23
24
25
26
27
28 ¹ This list contained 187 unique names.

**D. Enriched Residential Care For Adult Residential Facilities
("ARF") And Residential Care Facilities For The Elderly
("RCFEs") Beds**

Pursuant to the Settlement Agreement, Exhibit D contains information regarding all new referrals for enriched residential care at ARFs and RCFEs as well as the number of individuals who received one of the new subsidies funded under the Settlement Agreement. To date, the County has received 1,576 referrals to the Enriched Residential Care programs. Of those, 468 referrals have been accepted/approved for the new "LA Alliance" subsidies under the Settlement Agreement. There are a wide range of reasons a client referred to a subsidy may not have ended up placed in an ARF/RCFE, including withdrawn/expired applications, the client needing a higher level of care, or obtaining other housing. Additionally, referring clients who are already on a "new" or "existing" subsidy but are relocated from one ARF/RCFE to another are not counted as a placement for purposes of this report. A total of 336 "LA Alliance" subsidies have been issued to date, with 313 currently in use. The County has thus exceeded the benchmark of 320 subsidies by December 2025.

**E. Multi-Disciplinary Teams ("MDTs") And Homeless Outreach
Mobile Engagement ("HOME") Teams**

The County has already met its obligation pursuant to sections D.4 and D.5 of the Settlement Agreement to increase the number of MDTs and HOME teams, and continues to operate 34 MDTs and 10 HOME teams that serve PEH within the City. In January 2025, after consultation with the City, the outreach teams have been deployed to be as proportionate as possible to the percentage of unsheltered PEH in each Council District (rounded to whole numbers) while maintaining at least one MDT per District. There were no changes to allocation during the reporting period.

Council District	# of MDTs
1	3
2	1
3	1
4	1
5	1
6	2
7	2
8	2
9	4
10	2
11	2
12	1
13	3
14	7
15	2

During the reporting period, there were also no changes to the deployment of the County's 10 HOME teams that conduct outreach in the City.

F. Partnership On City- And County-Owned Land

The City and County have not identified any new, appropriate sites for additional housing/shelter. The County continues to engage in ongoing meetings with the City.

G. Advocacy Efforts For PEH With Serious Mental Illness or Substance Use Disorder

1. Advocacy Related To Mental Health

The DMH continues to advocate at both the state and federal level for resources, programs, and policies that will sustain and expand the County's capacity to care for, and house, residents with serious mental illness who are experiencing, or at risk of experiencing, homelessness.

In May 2025, the DMH Director accompanied several members of the Board of Supervisors for an advocacy trip to Washington, D.C. During that trip, the Director met with members of Congress and representatives from the

Administration to advocate on federal policies that impact the DMH’s ability to serve County residents experiencing homelessness. For example, the Director advocated against current HUD policies that lead County residents to lose their access to section 8 housing vouchers after being in a hospital more than 90 days, regardless of their housing status prior to being admitted to the hospital. The Director was successful in raising the issue and is currently scheduling a follow-up call with HUD staff to discuss these issues further. The County also shared DMH’s analysis and concerns about the expected impact of House Resolution 1 (“H.R. 1”), also known as the One Big Beautiful Bill Act (“OBBBA”), and state Medi-Cal budget cuts on County residents with the County’s federal and state legislative delegations.

2. Advocacy Related To SUD

The advocacy efforts of the Department of Public Health-Substance Abuse Prevention and Control (“DPH-SAPC”) at both the state and federal levels are focused on expanding funding opportunities, broadening access to a full continuum of SUD treatment and housing services, and reducing barriers to care. Through legislative advocacy, federal policy engagement, and provider capacity building, DPH-SAPC is working to ensure that individuals with SUD, particularly those experiencing homelessness, have access to the services and supports necessary for recovery and stability.

State Legislative Advocacy: DPH-SAPC has actively tracked and advocated for 36 pieces of state legislation related to housing and services for individuals with SUDs experiencing or at risk of homelessness during the 2025–26 legislative session. Notably, the agency has supported:

- AB 255 (Haney) – The Supportive-Recovery Residence Program: This bill would allow state funding for supportive-recovery residences certified by a National Alliance for Recovery Residences (“NARR”) affiliated organization and compliant with Housing First principles. It mandates that 75% of program funds be allocated

1 for harm-reduction approach housing and would make permanent supportive
2 housing available for individuals seeking substance-free environments, broadening
3 the continuum of care for SUD recovery.

4 • AB 1037 (Elhawary) – The SUD Care Modernization Act: Sponsored by
5 Los Angeles County with DPH-SAPC’s subject matter expertise, this bill seeks to
6 modernize SUD care statutes to reflect evidence-based best practices, reduce
7 barriers for residential SUD facilities, and encourage the direct provision of SUD
8 treatment services, including medications for addiction treatment (“MAT”). It
9 would streamline licensing and certification, remove prohibitions on harm reduction
10 discussions, and eliminate abstinence requirements for admission and continued
11 treatment, thereby increasing facility capacity and access.

12 DPH-SAPC also reviews and provides feedback on state Behavioral Health
13 Information Notices (“BHINs”) and participates in statewide workgroups to ensure
14 SUD services are included in broader behavioral health workforce and policy
15 planning.

16 ***Federal Advocacy and Medicaid Waivers:*** At the federal level, DPH-SAPC
17 has engaged in advocacy related to Medicaid waivers and housing interventions,
18 particularly through the California Behavioral Health Community-Based Organized
19 Networks of Equitable Care and Treatment (“BH-CONNECT”) 1115
20 Demonstration. DPH-SAPC advocated for the inclusion of recovery-oriented
21 housing as an allowable setting under this demonstration, which was approved by
22 the Centers for Medicare & Medicaid Services (“CMS”) for the period January 1,
23 2025, through December 31, 2029. The demonstration authorizes short-term rental
24 assistance, including room and board, with specific duration caps to ensure episodic
25 and room-and-board-only supports are available for up to six months per beneficiary
26 in any 12-month period. DPH-SAPC continues to advocate for equitable
27 reimbursement for recovery housing, including coverage for utilities and
28 programming.

1 DPH-SAPC has also tracked federal legislation such as H.R. 1, which
2 proposes changes to Medicaid and CHIP eligibility, retroactive coverage, and
3 enrollment requirements. While SUD treatment services are exempt from some of
4 the bill's more restrictive provisions, DPH-SAPC has raised concerns that these
5 changes could suppress service utilization among eligible individuals and potentially
6 narrow the scope of future Medicaid waivers, which are critical for funding
7 residential treatment and related services.

8 To ensure high-quality care for Medi-Cal members, DPH-SAPC is
9 implementing Value-Based Incentive initiatives aimed at strengthening the SUD
10 provider network. These efforts include staff development, training, improved
11 clinical standards, service design enhancements, and payment reform under the
12 Drug Medi-Cal Organized Delivery System ("DMC-ODS") and the CalAIM
13 Initiative. The goal is to build a sustainable, high-performing network capable of
14 meeting the needs of individuals with SUD.

15 **III. CONCLUSION**

16 As set forth herein, the County has complied fully with its obligations under
17 the Settlement Agreement and expects to continue to meet or exceed the milestones
18 in connection with the next reporting period.

Total Referrals for Zip Codes	48

* DPSS: Outreach workers document referrals for screening and assistance with benefits applications to CalWORKs, General Relief, CalFresh, and Medi-Cal submitted to the designated DPSS email address, PEHOutreachReferral@dpss.lacounty.gov. DPSS reports on whether it provided benefits information, intake applications, and application dispositions.

** DHS-CBEST: Outreach workers document referrals for screening and assistance with SSI, SSDI, and CAPI applications submitted by e-mail (cbestreferral@dhs.la.county.gov), phone (323-274-3777), or fax (213-482-3395). DHS-CBEST conducts intake appointment and reports on eligibility determinations.

*** DMH: Outreach worker document referrals for PEH experiencing a behavioral health crisis, or otherwise in need of specialty mental health treatment. Crisis referrals are submitted via telephone (800-854-7771), and referrals are added to dispatch board for response by a DMH Field Intervention Team. Other referrals are made through DMH's online portal, where referral is evaluated and assigned to appropriate program (i.e., HOME team, outpatient, or Full-Service Partnership). Upon receipt, provider will contact referring party or client to coordinate services. DMH reports on referral disposition as documented in Department's referral tracking system and/or the client's electronic health record system.

**** DPH-SAPC: Outreach workers document referrals to SASH by calling a 24/7 helpline 800-854-7771, and/or through or through contracted provider staff known as the CENS. SASH and CENS agents are able to provide screening, resources, and further linkage/referrals to SUD-treatment providers. DPH-SAPC reports on referral disposition as documented in clients' electronic health records.

***** No response was received to departmental inquiries about these referrals. This includes referrals previously reported as "in process."
