CASE NO. 2:20-cv-02291 DOC (KES)
STATUS REPORT RE
SETTLEMENT AGREEMENT FOR
THE QUARTER ENDING
DECEMBER 31, 2024

Assigned to the Hon. David O. Carter
and Magistrate Judge Karen E. Scott

MILLER BARONDESS, LLP

ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 The County of Los Angeles (“County”) hereby files this Status Report
2 pursuant to section D.9 of the Settlement Agreement, including addenda, with LA
3 Alliance for Human Rights (“Alliance”) and other plaintiffs (collectively,
4 “Plaintiffs”) (the “Agreement”) for the Quarter ending December 31, 2024.

5 **I. THE COUNTY MET EVERY TARGET UNDER THE AGREEMENT**
6 **FOR THE ENTIRE FIRST YEAR**

7 The Agreement was executed at a historic hearing in late September 2023 by
8 then Chair of the County Board of Supervisors, in the presence of the City's Mayor
9 and then City President of the Los Angeles City Council. ([Dkt. 646.](#)) In the
10 Agreement, the County agreed:

- 11 • To fund a suite of wraparound services at the interim and permanent
12 supportive housing units created by the City pursuant to its settlement
13 with Plaintiffs through the end of the 2026–2027 fiscal year;
- 14 • To fund 3,000 new mental health/substance use disorder ("SUD") beds;
- 15 • To fund 450 new enhanced-rate subsidies for enriched residential care
16 at licensed Adult Residential Facilities (“ARFs”) and Residential Care
17 Facilities for the Elderly (“RCFEs”);
- 18 • To expand the number of Multi-Disciplinary Teams (“MDTs”) and
19 Homeless Outreach & Mobile Engagement (“HOME”) teams that do
20 field engagement in the City (including on Skid Row) from,
21 respectively, 22 to 34 and 5.5 to 10;
- 22 • To make reasonable best efforts to ensure those County outreach teams
23 have access to Homeless Initiative-funded high service need interim
24 housing beds for people experiencing homelessness (“PEH”) in the
25 City, and that City PEH are prioritized for placement in those beds;
- 26 • Collaborate with the City on the appropriateness of City- or County-
27 owned land for new housing and any availability of additional state or
28 federal funding for mental health and SUD treatment services;
- To engage the Honorable Jay Gandhi as Monitor and specially contract
with Special Master Michele Martinez for the first year to oversee the
implementation of the Agreement;

- 1 • To report each quarter on the subjects defined in section D.9 of the Agreement.

2

3 No party objected to these terms. The support from the Court, the City, and

4 Plaintiffs was unanimous. (*See* Sept. 28, 2023 Hr’g Tr. at 4:7–9 [“[T]he Court

5 appreciates the efforts that you put into this]; *id.* at 4:15–23 [Mayor Bass: “[W]e are

6 in support”]; *id.* at 6:4–5 [Councilmember Krekorian: “[W]e appreciate the

7 leadership of the County Board of Supervisors” and “think that this settlement will –

8 will certainly help us . . .”]; *id.* at 12:9–12 [Plaintiffs: “We feel very comfortable

9 with this. We are very excited about this. Congratulations to the County . . .”].)

10 It has now been one year since the County filed its first Quarterly Report

11 under the Agreement, in which it reported over 900 new mental health/SUD beds,

12 more than 100 new subsidies for ARF/RCFE beds, and 34 total MDTs and 8 HOME

13 teams—meeting or surpassing its obligations. (*See* [Dkt. 662](#).) The County

14 continued to meet or exceeded the milestones set forth under the Agreement in

15 every other Quarter last year. (Dkts. 734, 760, 813.)

16 Not only that, in September 2024, the County extended its contract with

17 Special Master Martinez in recognition of the valuable support she has provided to

18 the Monitor and Parties during the first year of the Agreement. At Ms. Martinez’s

19 invitation, the County also participated in a Learning Session in September 2024

20 with Judge Carter, Ms. Martinez, the Parties, City councilmembers, service

21 providers, Los Angeles Homeless Services Authority (“LAHSA”), and other

22 stakeholders in a crucial first step in raising awareness about the multi-faceted

23 nature of the region’s homeless services system, clarifying misperceptions, and

24 encouraging collaborative solutions. And the County voluntarily stepped up in

25 support of the assessment of the City’s homelessness programs being conducted by

26 Alvarez & Marsal.

27 As the Court previously stated, the Agreement was never expected to “solve

28 homelessness in Los Angeles County,” but represented “an important and

MILLER BARONDESS, LLP

ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 substantial step forward.” (See Sept. 28, 2023 Hr’g Tr. at 17:18–19.) It has also
2 only ever represented a portion of the County’s ongoing commitments outside of
3 litigation to ameliorating homelessness.

4 In the same vein, it is important to remember that these Quarterly Reports are
5 not a summary of everything the County is doing to assist PEH, those at risk of
6 homelessness, or those who are otherwise eligible for County services in the City,
7 the 87 other cities within the County, and the unincorporated areas. The Reports are
8 a complement to the County’s myriad other accountability measures, including
9 layers of internal anti-fraud policies and procedures, Departmental and Board
10 reports, annual audits of Measure H and MHSA funds, budget and invoice reviews
11 and reconciliations, applicable state and federal oversight, and more.

12 Over the last quarter, the County has remained in frequent dialogue with
13 Plaintiffs, the City, the Monitor/Special Master, and other interested parties (such as
14 Intervenors and LAHSA), to answer questions, provide enhanced transparency, and
15 problem solve. For example, the County proactively engaged LAHSA and the City
16 to implement enhanced training and a new naming convention and data structure
17 within the Homeless Management Information System (“HMIS”) to capture data on
18 referrals from City-funded outreach teams to County Departments, which was not
19 previously recorded or tracked by the City. The County looks forward to continuing
20 to strengthen the coordination of services and other benefits for PEH under the
21 Agreement, including to the residents of the housing created by the City pursuant to
22 the City settlement, as well as pursuing proactive and creative solutions to this crisis
23 for all.

24 **II. QUARTERLY REPORTING ITEMS**

25 **A. The County’s Support For Plaintiffs’ Settlement With The City**

26 **1. Supportive Services For City Housing Clients**

27 The County currently supports the settlement between Plaintiffs and the City
28 by funding a suite of “mainstream” services provided by the Departments of Health

MILLER BARONDESS, LLP

ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 Services (DHS), Mental Health (DMH), Public Health (DPH), and Public Social
2 Services (DPSS) to clients residing at the City's interim and permanent supportive
3 housing. Mainstream services differ from the services provided by the provider,
4 which frequently include safe and clean shelter, meals, clean linens or laundry
5 services, etc. Mainstream services, by contrast, include public assistance programs
6 (i.e., General Relief, CalFresh, Medi-Cal, Social Security Income, Social Security
7 Disability Insurance, and veterans' benefits), mental health and SUD services, and
8 benefits advocacy services. DHS also provides Intensive Case Management
9 Services ("ICMS") to residents of permanent supportive housing, which are
10 designed to assist permanent supportive housing clients in achieving and
11 maintaining their health, mental health, and housing stability.

12 As the County has previously explained, traditionally the Departments that
13 provide mainstream services support the City's new housing by having each of the
14 relevant County Departments perform a site visit when a new interim housing site
15 opens to connect with the new provider and educate them on how to connect clients
16 to the County services provided by that Department. In advance of that site visit,
17 County Departments typically receive a roster of interim housing residents against
18 which they can screen for existing program enrollment and/or eligibility.

19 For reporting purposes, point-in-time snapshots of mainstream service
20 enrollment as of the date of a Department's initial site visit or contacts at a site visit
21 are underinclusive and provide an inaccurate picture of all of the mainstream
22 services being accessed by interim housing clients. That is because, *inter alia*,
23 referrals/connections to County mainstream services occur on a continuous basis
24 and are not contingent on a client's enrollment or stay in any specific interim
25 housing site, nor a specific site visit. It is common that City PEH placed in a new
26 interim housing site are already enrolled in County mainstream services prior to
27 placement as the result of earlier referrals or contacts with County outreach and
28 benefits eligibility teams. In addition, a client successfully engaged for the first time

MILLER BARONDESS, LLP
ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 (or later referred by the provider) would necessarily see their enrollment finalized at
2 a date subsequent to the site visit. Given the inherently transitional nature of
3 interim housing, the residents at the time of an initial site visit may turnover during a
4 quarter and be replaced by new PEH.

5 In addition to an initial site visit, the County has also piloted and implemented
6 an enhanced Service Connection Event initiative at the City’s interim housing sites,
7 whereby social/service workers will visit the housing units created by the City
8 during a centralized event to connect eligible residents with available benefits to
9 which they are entitled. The County held a Service Connection Event on September
10 11, 2024 at 4969 Sunset Blvd., the City’s newest interim housing site. The County
11 also held an event on October 24, 2024 at the City’s Highland Gardens site.

12 Attached as **Exhibit A1** is a summary of the County mainstream services
13 accessed during the reporting period by residents of the City’s interim housing
14 sites.¹ Attached as **Exhibit A2** is a summary of the ICMS and mainstream services
15 accessed during the reporting period by ICMS enrollees in the City’s permanent
16 supportive housing. As previously discussed, the County continues to use ICMS
17 enrollment as a proxy for a list of permanent supportive housing client placements.

18 **2. Contacts And Service Requests From City-Funded Outreach**
19 **Workers To County Departments**

20 The County’s prior reports have detailed the efforts undertaken by the County
21 and LAHSA so that City-funded outreach workers' contacts and service requests
22 made to DHS, DMH, DPH, and DPSS are captured within the Homeless
23 Management Information System (HMIS). Attached as **Exhibit E** are the number
24 of complete requests submitted by City-funded outreach workers recorded in HMIS
25

26 _____
27 ¹Exhibits A1 and A2 to the County’s Quarterly Reports always have a delayed
28 reporting period because they are dependent on information reported by the City.
Exhibits A1 and A2 cover the same time period as stated in the exhibits.

MILLER BARONDESS, LLP

ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 during the reporting period, as well as the dispositions of those requests based on the
2 Departments’ records of services provided to the clients. Dispositions are reported
3 on an aggregate basis consistent with federal regulations and other confidentiality
4 laws and regulations.

5 The County continues to engage Plaintiffs and the City in a collaborative
6 discussion about how to better align HMIS with outreach workers’ on-the-ground
7 experience, as well as to ensure that City-funded outreach workers’ indirect referrals
8 are being captured. Special Master Martinez is in the process of scheduling another
9 learning session on this issue with service providers, at which the County intends to
10 provide information regarding how to access County departments.

11 **B. High-Service Need Beds Available To County Outreach Teams**

12 Pursuant to Section D.9(ii) of the Agreement, attached as **Exhibit B** are
13 County outreach team referrals to Homeless Initiative (“HI”)-funded “high service
14 needs beds,” which are managed by the Department of Health Services (“DHS”).

15 As explained in prior Reports, these beds are designed to provide temporary
16 housing and appropriate support services to clients recovering from an acute illness
17 or injury, or who are otherwise vulnerable in a traditional shelter setting because of
18 a co-occurring complex medical and behavioral health condition, while the clients
19 find permanent, stable housing. Depending on contract type and client need, the HI-
20 funded enhanced services may include medical and oversight services, hospice
21 services, clinical supervision (such as from a Licensed Clinical Social Worker) to
22 help provider staff with assessment and triage, housing navigation, case
23 management, and assistance in obtaining documents to transition to other housing.

24 In the last quarter, the outreach teams referred 294 PEH from the City to
25 DHS, and DHS accepted and placed 152 clients. To date, the County has received
26 976 referrals from these teams and placed 529 clients, with 34 clients pending. The
27 County is using its reasonable best efforts to ensure its outreach teams (including the
28 increased MDT and HOME teams referenced below) have access to this housing

MILLER BARONDESS, LLP

ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 option for PEH in the City, and DHS has accepted eligible City PEH referred from
2 the County outreach teams that operate in the City. Referrals currently outpace
3 placements because these are a limited resource with extremely high ongoing
4 occupancy (approximately 98%), and program matriculation depends on eligibility.

5 **C. New Mental Health/Substance Use Disorder Beds**

6 The County is pleased to report that it added 127 new beds during the
7 reporting period, bringing the total new capacity to more than 1,400 new mental
8 health/SUD beds pursuant to section D.3 of the Agreement. See **Exhibit C**. The
9 County exceeded its milestone of having 1,200 beds by December 2024 and is on
10 track to meet the next milestone of 1,800 beds in December 2025. All of these are
11 new or expanded bed contracts, and include a mix of acute and subacute, interim
12 housing, recovery bridge housing, urgent care centers, crisis residential treatment
13 program, and Medi-Cal funded treatment beds. Although the Departments with
14 subject matter expertise determine the ratio and allocation of new beds in light of
15 need, funding availability, licensing requirements, and other factors, at the Board’s
16 direction, the County is regularly re-assessing bed demand with an eye towards
17 creating an efficient system in the long term. And while natural attrition does occur,
18 the County is increasing the overall stock of mental health/SUD beds compared to
19 pre-Agreement availability.

20 In December 2024, Special Master Martinez requested the County’s
21 assistance in obtaining site access to visit some of the new mental health/SUD beds,
22 which were scheduled to occur the same month as this filing but a future reporting
23 period (January 2025). The County has been working with the Special Master and
24 providers to navigate the challenges posed by the request and gain access to the
25 sites. Those challenges are rooted in the need for proper coordination and respect
26 for privacy and safety and to give providers time to arrange appropriate staff, ensure
27 consent, and help guide visitors through the complexities of the different services
28 and funders involved. These treatment sites, which serve people facing complex

MILLER BARONDESS, LLP
ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 behavioral health challenges, provide confidential clinical services and are
2 contracted for by multiple sources. Each has its own set of rules and privacy
3 protocols. Providers typically need advance notice to ensure the appropriate staff
4 are available to assist and to minimize disruptions to patients during the visits.
5 There are also risks involved with unannounced visits, especially if patients are
6 dealing with acute psychiatric crises or other high-risk situations. Importantly, such
7 visits could disrupt care or infringe patient privacy. Recovery is a delicate journey,
8 and the County and Special Master Martinez share a desire to avoid setting back
9 progress through unexpected disruptions.

10 **D. New Subsidies For Enriched Residential Care For ARF And RCFE**

11 The Enriched Residential Care (ERC) Program is administered by DMH and
12 provides financial support for clients who require a higher level of care/assistance
13 with daily living to obtain or maintain housing in licensed residential facilities,
14 which include Adult Residential Facilities (ARFs) and Residential Care Facilities
15 for the Elderly (RCFEs) (commonly known (with ARFs) as Board and Cares).

16 These are a critical housing resource for DMH clients who are homeless
17 and/or at risk of homelessness, including individuals exiting other institutions like
18 hospitals or other higher levels of care. Under the Agreement, the County is
19 expanding this resource by funding 450 new subsidies for ARFs/RCFEs in addition
20 to the existing pool of approximately 700.

21 **Exhibit D** to this Report contains information regarding referrals and
22 placements in the ERC Program utilizing one of the new subsidies created pursuant
23 to the Agreement. To date, the County has activated 206 new Board and Care
24 subsidies, and has therefore exceeded the milestone for 200 new subsidies by
25 December 31, 2024.

26 Due to client turnover, during the last quarter all new acceptances/placements
27 in the ERC Program received funding under one of the County’s “existing”
28 ARF/RCFE subsidies. This ensures that all of these valuable resources continue to

1 have a high utilization rate. However, because these subsidies are fungible, referrals
2 are made to the Program as a whole, not to a specific subsidy.

3 In total, the County has received 1,010 referrals to the ERC Program and has
4 made 263 placements for “existing” subsidies, in addition to the 314 placements for
5 “new” subsidies. There are a wide range of reasons a client referred for a subsidy
6 may not have ended up placed in an ARF/RCFE, including withdrawn/expired
7 applications, the client needing a higher level of care, or obtaining other
8 housing. Additionally, referred clients who are already on a “new” or “existing”
9 subsidy, but are relocated from one ARF/RCFE to another, are not counted as a
10 placement for purposes of this Report.

11 **E. MDT And HOME Teams**

12 The County has already met its obligation pursuant to sections D.4 and D.5 of
13 the Agreement to increase its MDTs and HOME teams from 27.5 to 44 teams (34
14 MDT and 10 HOME teams). The majority of PEH served by the teams are within
15 the City. As a reminder, MDTs are comprised of physical health, mental health, and
16 substance use staff, as well as staff with lived experience and case managers. The
17 teams build relationships with unsheltered PEH to bring them indoors as quickly and
18 compassionately as possible. As a result of the expansion in the MDT program
19 under the Agreement, the MDTs are able to provide more services and utilize
20 deployment maps that align with City Council Districts to align resources more
21 accurately with current needs and priorities. HOME teams target the most acutely
22 mentally ill PEH and provide intensive outreach, treatment and street medicine. By
23 delivering services directly to individuals in their communities, these programs help
24 overcome transportation barriers and increase accessibility.

25 The County continues to deploy these outreach teams on a basis proportionate
26 to the density of PEH in the area, as reflected in the LAHSA Point-In-Time (“PIT”)
27 Count. Representatives of the City and the County met and conferred regarding the
28 allocation methodology for MDTs following the results of the last PIT Count, which

1 will result in some shifts in assignments across Council Districts in the new year at
2 the request of the City to realign deployment with the current PIT Count.

3 **F. Partnership On City- And County-Owned Land**

4 The City and County have instituted regular meetings to operationalize some
5 of their obligations under the Agreements, including their agreement to discuss the
6 availability of any City- or County-owned land for housing opportunities. The
7 County has not yet identified any vacant or underutilized land that has not been
8 earmarked for future developments or is otherwise suitable to be used as housing.

9 **G. Advocacy Efforts For PEH With Serious Mental Illness or**
10 **Substance Use Disorder**

11 During the reporting period, DMH continued to advocate at both the State and
12 Federal level for resources that will expand the County’s capacity to care for, and
13 house, residents with serious mental illness who are experiencing, or at risk of
14 experiencing, homelessness. DMH provided extensive comments to the State
15 Department of Health Care Services (DHCS) on modules 1 and 2 of the draft policy
16 guidelines that DHCS published for the Behavior Health Services Act (BHSA). In
17 its comments to the State for module 1, DMH strongly advocated for the ability to
18 use BHSA Housing funds to ensure that DMH clients who are currently receiving
19 housing supports are able to maintain their housing supports while the County
20 implements the BHSA on July 1, 2026. DMH reasoned that the State can streamline
21 the process proposed to determine eligibility for receiving BHSA housing
22 interventions by automatically granting eligibility to clients who are already
23 receiving similar housing support. DMH also advocated for the State to ensure that
24 the Medi-Cal managed care plans, which will be administering housing services and
25 benefits offered under Medi-Cal, work closely with county behavioral health
26 departments to ensure that clients do not lose access to vital resources and housing
27 supports that are administered by separate bureaucracies. DMH also recommended
28 to the State that clients receive up to 12 months of interim housing interventions

MILLER BARONDESS, LLP
ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

MILLER BARONDESS, LLP

ATTORNEYS AT LAW
2121 AVENUE OF THE STARS, SUITE 2600 LOS ANGELES, CALIFORNIA 90067
TEL: (310) 552-4400 FAX: (310) 552-8400

1 instead of the State-proposed 6 months limit. DMH argued that 6 months of interim
2 housing is insufficient, given the limited supply of permanent housing available
3 locally, to ensure that clients can successfully transition from interim housing to
4 permanent housing in the County. The State has said that the final policy guidelines
5 for BHSA implementation will be issued in 2025.

6 During this reporting period, the State received approval from the Centers for
7 Medicare and Medicaid for the State’s 1115 Waiver proposal, entitled “Behavioral
8 Health Community-Based Organized Networks of Equitable Care and Treatment”
9 (BH-CONNECT). One of the key features of BH-CONNECT is a new Medicaid
10 benefit that will provide up to 6 months of rental assistance to Medi-Cal members
11 who meet eligibility criteria. This new benefit represents the first time that Federal
12 Medicaid funding is allowed to be used to cover housing costs in California, a
13 previously unprecedented benefit which DMH strongly supported. The
14 Department’s analysis indicates that a significant number of DMH clients could
15 benefit from this service and enter into housing that would be supported by funds
16 from the State and Federal Medicaid matching funds. This will expand the amount
17 of funding available to our county residents to support housing by adding to the
18 existing, locally-controlled funding sources that the County already allocates to pay
19 for housing interventions for our residents. DMH has begun advocating for the
20 State to issue BH-CONNECT implementation guidance that will support
21 streamlined administrative processes that will make it easier for County residents to
22 access this new benefit.

23 For its part, DPH-SAPC has tracked, served as a subject matter expert on, and
24 advocated for several pieces of legislation to expand services and funding
25 opportunities for unhoused individuals with substance use disorders (SUD).

26 DPH-SAPC analyzed and advocated regarding the following pieces of
27 legislation:

- 28 • AB 2893 (Ward) which would have required the California Department

1 of Health Care Services (DHCS) to establish a certification process and
2 standards for supportive recovery residences that meets the state’s
3 Housing First requirements. It would also have required that 90% of
4 funds for housing or housing-based services be based on a harm
5 reduction model. AB 2893 was held on the Senate Appropriations
6 Suspense File on August 15 and did not advance.

- 7 • AB 2479 (Haney) which would have permitted state departments and
8 agencies to fund various programs such as recovery-oriented housing
9 and peer support services, if the state program used at least 75%
10 percent of funds for housing or housing-based services using a harm-
11 reduction model. This bill was held by the author in Senate Housing
12 Committee and did not advance.

13 DPH-SAPC also worked closely as a supportive stakeholder with DHCS on
14 the design of a new transitional rent initiative under the California Advancing and
15 Innovating Medi-Cal (CalAIM) Section 1115 waiver demonstration to cover rent or
16 temporary housing for Medi-Cal members who are experiencing or at risk of
17 homelessness and meet certain additional eligibility criteria. DPH-SAPC advocated
18 for the inclusion of this program with California stakeholders as well as with the
19 Centers for Medicare & Medicaid Services (CMS).

20 On December 16, 2024, California received approval from CMS for the BH-
21 Connect demonstration project under Section 1115 of the Social Security Act. The
22 demonstration will be effective January 1, 2025 through December 31, 2029.
23 Housing interventions are new, central elements of BH-Connect and woven into the
24 person-centered care goals.

25 BH-Connect seeks expand the continuum of community-based behavioral
26 health services and evidence-based practices (EBPs) available through Medi-Cal;
27 strengthen family-based services and supports for children and youth living with
28 significant behavioral health needs, including children and youth involved in child
welfare; invest in statewide practice transformations to better enable county
behavioral health delivery systems and providers to support Medicaid beneficiaries
living with significant behavioral health needs; strengthen the workforce needed to
deliver community-based behavioral health services to Medicaid beneficiaries;
reduce use of institutional care by those individuals most significantly affected by

MILLER BARONDESS, LLP

1 significant behavioral health needs; shorten lengths of stay in institutional settings
2 and support successful transitions to community-based care settings and community
3 reintegration; and promote improved health outcomes, community integration,
4 treatment and recovery for individuals who are homeless or at risk of homelessness
5 and experiencing critical transitions.

6 The approval includes authority to provide short-term rental assistance,
7 defined as a room and board only support and includes room alone or room and
8 board together, without clinical services included in the rental assistance payment.
9 CMS will apply separate duration caps to both categories of housing assistance
10 (episodic interventions with clinical services with room and board, and room and
11 board only support) under CalAIM and BH-CONNECT. Episodic interventions with
12 clinical services with room and board covered under CalAIM will be allowed up to a
13 combined 6 months, per rolling year. Separately, room and board-only support,
14 covered under BH-CONNECT, will be allowed up to a combined 6 months, per
15 household, per demonstration period. For each of these 6-month caps, coverage will
16 be permitted in one or more spans or episodes, as long as the total duration remains
17 under the cap for the rolling year or demonstration period. CMS will also apply a
18 total combined cap of 6 months for all types of Health-Related Social Needs
19 (HRSN) housing interventions covered under both of California's section 1115
20 demonstrations (CalAIM and BH-CONNECT) when providing room and board
21 supports, per beneficiary, in any 12-month period. DPH-SAPC advocated
22 successfully for recovery-oriented housing to be included explicitly as an allowable
23 setting for this program.

24 **H. Invoice Website**

25 The County is posting invoices sent to Departments that contract for or render
26 services pursuant to the Roadmap Agreement and Agreement (DHS, DMH, and
27 DPH-SAPC) at the website <https://lacounty.gov/alliance/>. The County is committed
28 to uploading these invoices on a monthly basis. To improve clarity, the County has

1 added a “last updated” field to the site.

2 The County always welcomes feedback on how to improve users’ experience
3 of the site. After the conclusion of the quarter that is the subject of this Report,
4 Plaintiffs provided comments via letter sent electronically to the Court’s chambers
5 e-mail address with the Parties on copy, which the County is reviewing.

6 **III. CONCLUSION**

7 As set forth herein, the County has complied fully with its obligations under
8 the Plaintiffs/County settlement and expects to continue to meet or exceed the
9 milestones in connection with the next reporting period.

Total Referrals	65

* DPSS: Outreach workers document referrals for screening and assistance with benefits applications to CalWORKS, General Relief, CalFresh, and Medi-Cal submitted to the designated DPSS email address, PEHOutreachReferral@dpss.lacounty.gov. DPSS reports on whether it provided benefits information, intake applications, and application dispositions.

** DHS-CBEST: Outreach workers document referrals for screening and assistance with SSI, SSDI, and CAPI applications submitted by e-mail (cbestreferral@dhs.la.county.gov), phone (323-274-3777), or fax (213-482-3395). DHS-CBEST conducts intake appointment and reports on eligibility determinations.

*** DMH: Outreach worker document referrals for PEH experiencing a behavioral health crisis, or otherwise in need of specialty mental health treatment. Crisis referrals are submitted via telephone (800-854-7771), and referrals are added to dispatch board for response by a DMH Field Intervention Team. Other referrals are made through DMH's online portal, where referral is evaluated and assigned to appropriate program (i.e., HOME team, outpatient, or Full-Service Partnership). Upon receipt, provider will contact referring party or client to coordinate services. DMH reports on referral disposition as documented in Department's referral tracking system and/or the client's electronic health record system.

**** DPH-SAPC: Outreach workers document referrals to SASH by calling a 24/7 helpline 800-854-7771, and/or through or through contracted provider staff known as the CENS. SASH and CENS agents are able to provide screening, resources, and further linkage/referrals to SUD-treatment providers. DPH-SAPC reports on referral disposition as documented in clients' electronic health records.

***** No response was received to departmental inquiries about these referrals. This includes referrals previously reported as "in process."
