**Subject: March 2025 Update on Recoupment of Measure H Working Capital Advances and Annual Advances**

Dear Judge Carter:

This letter provides an update on the recoupment of Measure H Working Capital Advances since LAHSA's last update to the Court in March 2025. Included with this letter is a spreadsheet detailing the status of each organization's advance balance and recent payments as of April 18, 2025.

In December 2023, LAHSA proactively began working with service providers to formalize manageable repayment plans to help them avoid unreasonably large payments in 2027.

As previously noted, the advances were intended to support Measure H start-up costs and ongoing cashflow needs for service providers. These advances were always meant to be recouped at the conclusion of Measure H. Consistent with this understanding, the County has not sought recoupment of these funds.

**Progress on Recoupment**

- LAHSA's November 26, 2024 letter to the LA Alliance Court indicated that at the time of the Audit, \$2.5 million had been recouped, and as of November 21, 2024, an additional \$3.8 million was recouped, bringing the total recoupments to \$6.3 million.
- LAHSA's January 6, 2025 letter to the Court indicated that between November 22, 2024 and December 31, 2024, an additional \$7.2 million was recouped, bringing total recoupments to \$13.5 million and reducing the outstanding advance balance to \$37.3 million.
- Between January 1, 2025, and January 29, 2025, LAHSA recouped an additional \$263,628, bringing total recoupments to \$13.76 million.
- Between January 30, 2025, and March 4, 2025, LAHSA recouped an additional \$20,775, bringing total recoupments to \$13.8 million and reducing the outstanding advance balance to \$37.0 million.
- Between March 5, 2025, and March 28, 2025, LAHSA recouped an additional \$402,707, bringing total recoupments to \$14.18 million and reducing the outstanding advance balance to \$36.7 million.

- Between March 29, 2025 and April 18, 2025, LAHSA recouped an additional \$849,755, bringing total recoupments to \$15 million and reducing the outstanding advance balance to \$35.7 million.

On April 17, 2025, LAHSA and CEO-HI met with service providers to establish next steps for Measure H Working Capital repayments.

LAHSA remains committed to fully recouping all Measure H Working Capital advances by June 30, 2027, the previously established end date for the Measure H grant term, or by an adjusted timeline to be established in partnership with LA County.

**LAHSA's Next Steps**

- CEO-HI will provide the timeline for final repayment of Measure H Working Capital Advances
- Service providers will collaborate with LAHSA and CEO-HI to modify their repayment agreements based on feasibility with their cash flow
- Service providers will be accountable for monthly repayments based on their new agreements

Sincerely,

Dr. Va Lecia Adams Kellum  
Chief Executive Officer  
Los Angeles Homeless Services Authority
