Subject: Daniel Garrie Inquiry at the Direction of Judge Carter (via Kenneth Mejia)

Dear Mr. Szabo,

My name is Daniel Garrie, and I have been appointed as the Data Monitor in the matter at caption. I received your contact information from Controller Kenneth Mejia. He indicated that the City Administrative Officer's Office compiles the Alliance Quarterly Reports and that I should reach out to you regarding the data used in the October 2025 Quarterly Report ([Dkt. 1051](#)).

Accordingly, I have attached a spreadsheet containing specific questions that require responses concerning the data contained in that report. If you are able to provide the requested information, please do so directly in the spreadsheet. If there are questions relating to systems or data sources that are best answered by others on your team, please let me know so we can coordinate accordingly.

Additionally, I would like to schedule an interview with you, or a member of your team who can answer these questions, next week, Thursday, October 23, 2025. My colleague, Sonya Morgan, will reach out on Monday with available times to coordinate this meeting. I would also like to tentatively schedule an in-person interview with you (or your colleagues) on October 28, 2025, given the Nov. 12, 2025 deadline set by the court.

Thank you for your cooperation, and please do not hesitate to contact me if you have any questions in the meantime.

Please keep Sonya Morgan on cc for all communications and reach out to her if you are not able to reach me directly.

Best regards,
Daniel Garrie
Data Monitor

Daniel B. Garrie, Esq.

Monitor Garric's Questions	Answers
How are offline housing units, as indicated in the footnotes to Exhibit A, tracked and defined?	
What methodology did the City use to define the "Created," "Open," and "In Process" options for the "Status" category? Is it consistent across departments?	
Given that the number of Unit/Beds for several of the Address/Location rows listed on Exhibit A may "fluctuate," how did the City determine which number to report? Is it an average, a number based on a specific date, or some other method?	
How is the number of Unit/Beds for a given housing unit calculated if the contractual agreement type is "booking agreement" or "occupancy agreement?"	
Are the housing units (i.e., the rows) in Exhibit A organized by address or project? If the former, why does Exhibit A not include an address for each project? For example, Row 2 has an Address of "PATH Villas Montclair/Gramercy (Recap-Site 2 of 2) 3317 W WASHINGTON BLVD Los Angeles, CA 90018," but the explanation on Exhibit B includes a second project at "4220 W. Montclair St.," which is not otherwise included on Exhibit A.	
Please provide a definition for each column (e.g., "Address/Location," "Beds/Units," etc.) in the October 2025 report including, where applicable, a definition of the data entered (e.g., "In Process" and "Removed" for "Total PEH Served")?	
Are these definitions consistent across each housing unit and City department collecting the data?	
What is the City's definition of persons experiencing homelessness ("PEH"), and is that definition uniform across housing units and City departments?	
How does the City collect and verify information regarding the number of PEH? How does the City correlate the PEH date with the housing unit data?	
How are errors or additional findings from prior reports tracked? Are these errors corrected in subsequent quarters? If so, what is the process?

Subject: LA Alliance v. City of LA

Mr. Garrie, we understand that you sent an email to Matt Szabo, the City Administrative Officer, posing several hundred questions and requesting various in-person interviews. The City is a represented party in this litigation; Gibson Dunn represents the City. Please do not contact City officials or employees directly. If you'd like to speak with City officials or employees, please make those requests through counsel, and we can coordinate. In the meantime, we'll have the CAO's office start looking into your written questions. As for an interview with Mr. Szabo, we will follow up with some dates/times when he and a member of the legal team would be available for an interview.

Finally, as I noted previously, the City reserves all rights regarding your work as a Monitor in this matter and any fees you may later seek to charge to the City. The City will be filing an appeal from the Approval Order this week and will ask Judge Carter (and if necessary, the Ninth Circuit) to stay the Approval Order pending the appeal.

Thank you.

Kahn A. Scolnick

Garrie <Daniel@lawandforensics.com>

Subject: Re: LA Alliance v. City of LA

Counsel,

Thank you for your email and your continued assistance in this matter.

At your suggestion, I will ask the court to clarify how it expects me to communicate with the City's staff: directly or through its attorneys. To that end, it would be helpful if you could confirm which City officials and employees you represent and whether your representation extends to City Controller Kenneth Mejia, who the Court ruled will support "the execution of [my] role by facilitating data access and coordination, per [my] discretion."

Regarding my request for responses from the City, I want clarify that I sent a workbook with three worksheets:

- (1) Exhibit A of the City's most recent Quarterly Status Report, asking the same three questions for each property;
- (2) a list of the eleven City systems/databases of which I am aware, asking six identical questions for each; and
- (3) a short list of fifteen general questions to collect fundamental information about the City's data collection and reporting methodology.

These twenty-four questions cover straightforward topics with which the City is intimately familiar and that it should be able to answer easily. As such, I hope that the City will provide its responses no later than this coming Monday, October 27, 2025. If the city does not possess certain information, kindly indicate that fact in the response. The City's prompt response to these questions will help us move forward collaboratively and efficiently.

Please also provide by the end of the day tomorrow, October 22, 2025, a few dates and times when City Administrative Officer ("CAO") Matt Szabo will be available for an interview? This will enable me to inform the Court that the City is cooperating and is working to meet the aggressive deadline that it set.

I understand that the timeline set by the Court is demanding, and I appreciate your efforts to expeditiously coordinate. With your support, I am confident that, together, we can meet the Court's expectations.

Thank you for your timely attention to these matters. I look forward to your reply.

Thanks you.

RE: LA Alliance v. City of LA

From: Scolnick, Kahn A. <KScolnick@gibsondunn.com>

Sent: Wednesday, October 22, 2025 8:15:07 PM

To: Daniel B. Garrie <Daniel@lawandforensics.com>

Cc: Hamburger, Bradley J. <BHamburger@gibsondunn.com>; Jessica Mariani <jessica.mariani@lacity.org>; Arlene Hoang <arlene.hoang@lacity.org>; Sonya Morgan <smorgan@lawandforensics.com>; Michele <michele@michelecmartinez.com>; Kenneth Mejia <kenneth.mejia@lacity.org>

Subject: RE: LA Alliance v. City of LA

Thanks, Mr. Garrie. Running through each of the issues you raise below:

1. If Judge Carter directs you to engage in direct outreach and/or contact with City officials and employees other than Controller Mejia, without involving the City's legal counsel, we'd appreciate the courtesy of you letting us know that this is the Court's position.
2. As for Controller Mejia, he will communicate directly with you per the Court's Order. To be clear, Controller Mejia in his official capacity is, just like every other City official and employee, represented by the City Attorney's office and by Gibson Dunn in this litigation. But we are consenting to your direct communications with Controller Mejia for purposes of carrying out the Court's order, and we are not consenting to your direct communications with any other City official or employee.
3. As for your written questions in the spreadsheet, we've had a chance to connect with Mr. Szabo and his team, and they cannot answer all of them as currently phased by Monday. In particular:
 - a. The information requested on the first tab—labeled “Questions Re October2025Report”—about the supporting documentation and funding sources by project will take time to gather and compile. We also question whether this level of detail is actually required to verify the quarterly report data, so perhaps we can discuss live why you believe this information is necessary when we speak with you and Mr. Szabo.
 - b. The CAO also does not have all of the information readily available for each “System / Dataset” listed on the “Data-System Questions” section, and many are also not relevant for the City's quarterly reports (for example, LAHSA's Enterprise Grant Management System and the City's FMS and Workday systems).

The CAO's office will nonetheless endeavor to provide more general information in response to your written questions by Monday, but again it will not be the level of detail currently requested, which is not practicable by Monday.

4. Finally, as for an interview with Mr. Szabo, he'll be out of the country next week and he gets back on Friday, 10/31. If it's critical to meet with him that afternoon, we can arrange it, but otherwise we'd prefer the following Monday or Tuesday (11/3 or 11/4). Please let us know.

Thanks.

Counsel Scolnick,

Thank you for your response.

At this stage, the City should provide the information utilized to generate the previous reports. For systems deemed irrelevant, please identify them and offer a brief explanation as to why.

Someone from my team will reach out to arrange a video conference with Mr. Szabo in November, which is expected to last at least 90 minutes.

Please cc the opposing counsel on all future communications unless you believe the information is privileged, and in accordance with the Judge's order I would request that you also cc the Special Master going forward (attached for your convenience).

Subject: RE: LA Alliance v. City of LA

Thanks, Mr. Garrie. Running through each of the issues you raise below:

1. If Judge Carter directs you to engage in direct outreach and/or contact with City officials and employees other than Controller Mejia, without involving the City's legal counsel, we'd appreciate the courtesy of you letting us know that this is the Court's position.

2. As for Controller Mejia, he will communicate directly with you per the Court's Order. To be clear, Controller Mejia in his official capacity is, just like every other City official and employee, represented by the City Attorney's office and by Gibson Dunn in this litigation. But we are consenting to your direct communications with Controller Mejia for purposes of carrying out the Court's order, and we are not consenting to your direct communications with any other City official or employee.

3. As for your written questions in the spreadsheet, we've had a chance to connect with Mr. Szabo and his team, and they cannot answer all of them as currently phased by Monday. In particular:
 1. The information requested on the first tab—labeled “Questions Re October2025Report”—about the supporting documentation and funding sources by project will take time to gather and compile. We also question whether this level of detail is actually required to verify the quarterly report data, so perhaps we can discuss live why you believe this information is necessary when we speak with you and Mr. Szabo.
 2. The CAO also does not have all of the information readily available for each “System / Dataset” listed on the “Data-System Questions” section, and many are also not relevant for the City's quarterly reports (for example, LAHSA's Enterprise Grant Management System and the City's FMS and Workday systems).

The CAO's office will nonetheless endeavor to provide more general information in response to your written questions by Monday, but again it will not be the level of detail currently requested, which is not practicable by Monday.

4. Finally, as for an interview with Mr. Szabo, he'll be out of the country next week and he gets back on Friday, 10/31. If it's critical to meet with him that afternoon, we can arrange it, but otherwise we'd prefer the following Monday or Tuesday (11/3 or 11/4). Please let us know.

Thanks.

Garrie <Daniel@lawandforensics.com>
Subject: Re: LA Alliance v. City of LA

Counsel,

Thank you for your email and your continued assistance in this matter.

At your suggestion, I will ask the court to clarify how it expects me to communicate with the City's staff: directly or through its attorneys. To that end, it would be helpful if you could confirm which City officials and employees you represent and whether your representation extends to City Controller Kenneth Mejia, who the Court ruled will support "the execution of [my] role by facilitating data access and coordination, per [my] discretion."

Regarding my request for responses from the City, I want clarify that I sent a workbook with three worksheets:

- (1) Exhibit A of the City's most recent Quarterly Status Report, asking the same three questions for each property;
- (2) a list of the eleven City systems/databases of which I am aware, asking six identical questions for each; and
- (3) a short list of fifteen general questions to collect fundamental information about the City's data collection and reporting methodology.

These twenty-four questions cover straightforward topics with which the City is intimately familiar and that it should be able to answer easily. As such, I hope that the City will provide its responses no later than this coming Monday, October 27, 2025. If the city does not possess certain information, kindly indicate that fact in the response. The City's prompt response to these questions will help us move forward collaboratively and efficiently.

Please also provide by the end of the day tomorrow, October 22, 2025, a few dates and times when City Administrative Officer ("CAO") Matt Szabo will be available for an interview? This will enable me to inform the Court that the City is cooperating and is working to meet the aggressive deadline that it set.

I understand that the timeline set by the Court is demanding, and I appreciate your efforts to expeditiously coordinate. With your support, I am confident that, together, we can meet the Court's expectations.

Thank you for your timely attention to these matters. I look forward to your reply.

Thanks you.

Subject: LA Alliance v. City of LA

Mr. Garrie, we understand that you sent an email to Matt Szabo, the City Administrative Officer, posing several hundred questions and requesting various in-person interviews. The City is a represented party in this litigation; Gibson Dunn represents the City. Please do not contact City officials or employees directly. If you'd like to speak with City officials or employees, please make those requests through counsel, and we can coordinate. In the meantime, we'll have the CAO's office start looking into your written questions. As for an interview with Mr. Szabo, we will follow up with some dates/times when he and a member of the legal team would be available for an interview.

Finally, as I noted previously, the City reserves all rights regarding your work as a Monitor in this matter and any fees you may later seek to charge to the City. The City will be filing an appeal from the Approval Order this week and will ask Judge Carter (and if necessary, the Ninth Circuit) to stay the Approval Order pending the appeal.

Thank you.

Subject: RE: LA Alliance v. City of LA

Thanks, Mr. Garrie. Running through each of the issues you raise below:

1. If Judge Carter directs you to engage in direct outreach and/or contact with City officials and employees other than Controller Mejia, without involving the City's legal counsel, we'd appreciate the courtesy of you letting us know that this is the Court's position.
2. As for Controller Mejia, he will communicate directly with you per the Court's Order. To be clear, Controller Mejia in his official capacity is, just like every other City official and employee, represented by the City Attorney's office and by Gibson Dunn in this litigation. But we are consenting to your direct communications with Controller Mejia for purposes of carrying out the Court's order, and we are not consenting to your direct communications with any other City official or employee.
3. As for your written questions in the spreadsheet, we've had a chance to connect with Mr. Szabo and his team, and they cannot answer all of them as currently phased by Monday. In particular:
 1. The information requested on the first tab—labeled “Questions Re October2025Report”— about the supporting documentation and funding sources by project will take time to gather and compile. We also question whether this level of detail is actually required to verify the quarterly report data, so perhaps we can discuss live why you believe this information is necessary when we speak with you and Mr. Szabo.

2. The CAO also does not have all of the information readily available for each "System / Dataset" listed on the "Data-System Questions" section, and many are also not relevant for the City's quarterly reports (for example, LAHSA's Enterprise Grant Management System and the City's FMS and Workday systems).

The CAO's office will nonetheless endeavor to provide more general information in response to your written questions by Monday, but again it will not be the level of detail currently requested, which is not practicable by Monday.

4. Finally, as for an interview with Mr. Szabo, he'll be out of the country next week and he gets back on Friday, 10/31. If it's critical to meet with him that afternoon, we can arrange it, but otherwise we'd prefer the following Monday or Tuesday (11/3 or 11/4). Please let us know.

Thanks.

Kahn A. Scolnick

Subject: Re: LA Alliance v. City of LA

Counsel,

Thank you for your email and your continued assistance in this matter.

At your suggestion, I will ask the court to clarify how it expects me to communicate with the City's staff: directly or through its attorneys. To that end, it would be helpful if you could confirm which City officials and employees you represent and whether your representation extends to City Controller Kenneth Mejia, who the Court ruled will support "the execution of [my] role by facilitating data access and coordination, per [my] discretion."

Regarding my request for responses from the City, I want clarify that I sent a workbook with three worksheets:

- (1) Exhibit A of the City's most recent Quarterly Status Report, asking the same three questions for each property;
- (2) a list of the eleven City systems/databases of which I am aware, asking six identical questions for each; and
- (3) a short list of fifteen general questions to collect fundamental information about the City's data collection and reporting methodology.

These twenty-four questions cover straightforward topics with which the City is intimately familiar and that it should be able to answer easily. As such, I hope that the City will provide its responses no later than this coming Monday, October 27, 2025. If the city does not possess certain information, kindly indicate that fact in the response. The City's prompt response to these questions will help us move forward collaboratively and efficiently.

Please also provide by the end of the day tomorrow, October 22, 2025, a few dates and times when City Administrative Officer ("CAO") Matt Szabo will be available for an interview? This will enable me to inform the Court that the City is cooperating and is working to meet the aggressive deadline that it set.

I understand that the timeline set by the Court is demanding, and I appreciate your efforts to expeditiously coordinate. With your support, I am confident that, together, we can meet the Court's expectations.

Thank you for your timely attention to these matters. I look forward to your reply.

Thanks you.

Subject: LA Alliance v. City of LA

Mr. Garrie, we understand that you sent an email to Matt Szabo, the City Administrative Officer, posing several hundred questions and requesting various in-person interviews. The City is a represented party in this litigation; Gibson Dunn represents the City. Please do not contact City officials or employees directly. If you'd like to speak with City officials or employees, please make those requests through counsel, and we can coordinate. In the meantime, we'll have the CAO's office start looking into your written questions. As for an interview with Mr. Szabo, we will follow up with some dates/times when he and a member of the legal team would be available for an interview.

Finally, as I noted previously, the City reserves all rights regarding your work as a Monitor in this matter and any fees you may later seek to charge to the City. The City will be filing an appeal from the Approval Order this week and will ask Judge Carter (and if necessary, the Ninth Circuit) to stay the Approval Order pending the appeal.

Thank you.

Kahn A. Scolnick

Project Type	Question	Response
Prop HHH	1) From which City system(s)/database(s) were the reported "Units/Beds," "Status," and "Open & Occupiable Date" generated?	1) The Los Angeles Housing Department provides the "Units/Beds" and "Status" information. The "Units/Beds" reported are Permanent Supportive Housing (PSH) units serving people experiencing homelessness. Note that information about these projects including the Supportive Housing unit count are available on LAHD's public dashboard: https://housing.lacity.gov/housing/hhh-progress-dashboard . LAHD provides a "RFO" or "Ready for Occupancy" date, which typically aligns with the date the Temporary Certificate of Occupancy (TCO) or Certificate of Occupancy (COO) is issued from the Los Angeles Department of Building and Safety (LADBS). Most PSH sites have Project-Based Vouchers (PBVs), and participants cannot move in until a Housing Assistance Payments (HAP) contract is executed with the Housing Authority for the City of Los Angeles (HACLA) for the PBV units at the site. Therefore, CAO reports the HAP contract execution date, rather than LAHD's RFO date, for sites with PBVs. Once LAHD has provided the list of sites with new RFO dates in the reporting period quarter, CAO staff send the list to HACLA Section 8 Department staff. HACLA Section 8 staff confirm whether the sites have PBVs and, if so, the HAP contract effective date (or HAP contract still in process). For sites with an RFO date and HAP effective date, the later date (typically the HAP effective date) is reported as the Open & Occupiable date. Any sites with PBVs that do not yet have a HAP contract effective date are listed as "in Process" in the report. Note that data collection for HAP contract effective dates from HACLA began in October 2023. Prior to that, LAHD requested this information from HACLA on an as needed basis (typically for sites that had an RFO date in the most recent quarter but no occupancy yet).
	2) What supporting documentation (e.g., contracts, invoices, permits, cost certifications, loan agreements etc.) is available for this "Address/Location"?	2) The majority of the primary documents for each project are stored in LAHD's internal HIMS database, a proprietary database. Funded projects will have executed loan agreements with recorded covenants that memorialize the funding sources, location, and affordability requirements of each project.
	3) What funding sources were used for this "Address/Location," and how was City participation verified?	3) All "Prop HHH" projects received some amount of Proposition HHH financing from the City. The City may have provided or assisted with other financing for the project as well.
Homekey 1, 2, or 3 (LAHD-managed)	1) From which City system(s)/database(s) were the reported "Units/Beds," "Status," and "Open & Occupiable Date" generated?	LAHD provides a "RFO" or "Ready for Occupancy" date, which typically aligns with the date the Temporary Certificate of Occupancy (TCO) or Certificate of Occupancy (COO) is issued from the Los Angeles Department of Building and Safety (LADBS). Most PSH sites have Project-Based Vouchers (PBVs), and participants cannot move in until a Housing Assistance Payments (HAP) contract is executed with the Housing Authority for the City of Los Angeles (HACLA) for the PBV units at the site. Therefore, CAO reports the HAP contract execution date, rather than LAHD's RFO date, for sites with PBVs. Once LAHD has provided the list of sites with new RFO dates in the reporting period quarter, CAO staff send the list to HACLA Section 8 Department staff. HACLA Section 8 staff confirm whether the sites have PBVs and, if so, the HAP contract effective date (or HAP contract still in process). For sites with an RFO date and HAP effective date, the later date (typically the HAP effective date) is reported as the Open & Occupiable date. Any sites with PBVs that do not yet have a HAP contract effective date are listed as "in Process" in the report. Note that data collection for HAP contract effective dates from HACLA began in October 2023. Prior to that, LAHD requested this information from HACLA on an as needed basis (typically for sites that had an RFO date in the most recent quarter but no occupancy yet).
	2) What supporting documentation (e.g., contracts, invoices, permits, cost certifications, loan agreements etc.) is available for this "Address/Location"?	2) The majority of the primary documents for each project are stored in LAHD's internal HIMS database, a proprietary database. Funded projects will have executed loan agreements with recorded covenants that memorialize the funding sources, location, and affordability requirements of each project.
	3) What funding sources were used for this "Address/Location," and how was City participation verified?	3) All projects received State of California Homekey 1, 2, or 3 funding along with City matching funds. See list of projects below: No. 151, 1654 W Florence No. 154, 2812 Temple (2812 Temple/ 916 Alvarado) No. 162, 21121 Vanowen No. 164, 916 Alvarado (2812 Temple/ 916 Alvarado) No. 168, BLVD Hotel 2010 N. Highland No. 172, 20205 Ventura No. 174, 19325 Londelius No. 175, The Weingart Shelby No. 179, 18602 Vermont No. 181, Motel 6 - North Hills No. 182, 6531 S Sepulveda No. 185, Oak Terrace No. 186, 7625 Topanga Canyon Blvd Phase 2 1) Data is confirmed quarterly by HACLA Asset Management staff. Note: Data collection for Homekey 3 sites from HACLA began January 2024 (when these sites were added to the report). Data collection for Homekey 2 sites from HACLA began October 2024. Prior to that, the Homekey 2 data was requested from LAHD, who then requested from HACLA. 2) Public reports are available on the HACLA Board website. Information on projects receiving loans from LAHD are available in the City's Council File Management System. HACLA can provide additional documents as needed.
Homekey 2 or 3 (HACLA-managed)	1) From which City system(s)/database(s) were the reported "Units/Beds," "Status," and "Open & Occupiable Date" generated?	3) All projects received State of California Homekey 2 or 3 funding along with matching funds from HACLA. HACLA is formed under State law and headed by a City Commission, whose members are appointed by the Mayor and confirmed by the City Council. Several projects also received loans from the City.
	2) What supporting documentation (e.g., contracts, invoices, permits, cost certifications, loan agreements etc.) is available for this "Address/Location"?	See list of projects below: No. 12, 6521 Brynhurst No. 13, 740 Alvarado No. 14, 5050 Pico No. 16, 10150 Hillhaven No. 22, 14949 Roscoe No. 60, 7639 Van Nuys No. 64, 1044 Soto No. 127, 4065 Oakwood No. 133, 3705 McLaughlin No. 134, 4818 N Sepulveda Blvd No. 186, 7625 Topanga Canyon Blvd Phase 2
	3) What funding sources were used for this "Address/Location," and how was City participation verified?	1) CAO maintains records of the beds, status, and open and occupiable date. The number of beds and status can be confirmed in the City/LA/HA contracts and LA/HA/service provider contracts. Open and occupiable date is typically confirmed by the service provider and should align with the date of the first intake in HIMS. 2) Supporting documentation may include City funding reports, lease/sublease agreements, City contracts with LA/HA, LA/HA subcontracts with providers, PMP updates to State Department of General Services for THV/Modular projects.
Interim Housing	1) From which City system(s)/database(s) were the reported "Units/Beds," "Status," and "Open & Occupiable Date" generated?	3) Funding sources by site are listed below: No. 18, Highland Gardens: City General Fund No. 89, 10864 Rochester: Homeless Housing, Assistance and Prevention (HHAP) Grant funds No. 102, Mayfair: City General Fund, Proposition HHH, Community Development Block Grant (CDBG) funds, and Municipal Housing Finance Funds No. 117, 4969 Sunset Blvd: City General Fund, HHAP No. 155: 2377 Midvale Ave: Behavioral Health Continuum Infrastructure Program - Emergency Stabilization Bed Grant funds (BHCHIP - ESB), City General Fund, HHAP No. 198: BHCHIP-ESB, City General Fund, HHAP No. 199: 503 San Fernando Rd: BHCHIP-ESB No. 200: Van Nuys Metrolink: BHCHIP-ESB No. 201: Sun Valley Metrolink Station: BHCHIP-ESB, City General Fund No. 202: 5301 Sierra Vista Ave: BHCHIP-ESB, City General Fund No. 205: 7253 Melrose: HHAP
	2) What supporting documentation (e.g., contracts, invoices, permits, cost certifications, loan agreements etc.) is available for this "Address/Location"?	1) Information was confirmed by the Community Investment for Families Department (CIFD), which holds the contract with the service provider.
	3) What funding sources were used for this "Address/Location," and how was City participation verified?	2) LAHD can provide documentation on Prop HHH funding provided for the facility. CIFD can provide service contracts for the service provider's emergency shelter program (of which this is one of two sites). 3) Prop HHH, City General Fund, CDBG (Community Development Block Grant funding)
Interim Housing (DV Emergency Shelter)	1) From which City system(s)/database(s) were the reported "Units/Beds," "Status," and "Open & Occupiable Date" generated?	1) Occupancy Agreement room numbers are based on the Occupancy Agreement contract with the hotel/motel. Administrative rooms, as noted in the invoices, are excluded from the total of available, occupiable rooms. Booking Agreement rooms are based on the highest room count for each site during the latest reporting quarter (e.g. 7/1/25 - 9/30/25) based on CAO invoice records. Thus, Booking Agreement rooms may fluctuate from quarter to quarter. Administrative rooms, as noted in the invoices, are excluded from the total of available, occupiable rooms. Sites are confirmed to be open based on active agreements (as well as invoices). Open and Occupiable date reported is the first invoice date for each hotel/motel, based on invoice records held by CAO.
	2) What supporting documentation (e.g., contracts, invoices, permits, cost certifications, loan agreements etc.) is available for this "Address/Location"?	2) Booking and occupancy agreements, invoices
	3) What funding sources were used for this "Address/Location," and how was City participation verified?	3) City General Fund (Homeless Emergency Account)
Interim Housing (Hotel/Motel Booking/Occupancy)	1) From which City system(s)/database(s) were the reported "Units/Beds," "Status," and "Open & Occupiable Date" generated?	1) Information was provided by LA/HA's Master Lease strategy team. Only residential units serving people experiencing homelessness are included in the unit count (manager/admin units are excluded).
	2) What supporting documentation (e.g., contracts, invoices, permits, cost certifications, loan agreements etc.) is available for this "Address/Location"?	2) City funding report, City/LA/HA contract. Additional documentation can be provided by LA/HA.
	3) What funding sources were used for this "Address/Location," and how was City participation verified?	3) City staff provided technical assistance to LA/HA for the development of the Master Leasing Strategy. In Fiscal Year (FY) 2025-26, the City is providing \$5,212,743 in funding from the City's General Fund to support the overall Strategy and operations for LA/HA's Master Leasing portfolio. In addition, the portfolio is partly supported with Time-Limited Subsidies (TLS) funded by the City and Section 8 vouchers provided by the Housing Authority of the City of Los Angeles (HACLA).
Permanent Supportive Housing (Master Lease)	1) From which City system(s)/database(s) were the reported "Units/Beds," "Status," and "Open & Occupiable Date" generated?	1) Information was provided by LA/HA's Master Lease strategy team. Only residential units serving people experiencing homelessness are included in the unit count (manager/admin units are excluded).
	2) What supporting documentation (e.g., contracts, invoices, permits, cost certifications, loan agreements etc.) is available for this "Address/Location"?	2) City funding report, City/LA/HA contract. Additional documentation can be provided by LA/HA.
	3) What funding sources were used for this "Address/Location," and how was City participation verified?	3) City staff provided technical assistance to LA/HA for the development of the Master Leasing Strategy. In Fiscal Year (FY) 2025-26, the City is providing \$5,212,743 in funding from the City's General Fund to support the overall Strategy and operations for LA/HA's Master Leasing portfolio. In addition, the portfolio is partly supported with Time-Limited Subsidies (TLS) funded by the City and Section 8 vouchers provided by the Housing Authority of the City of Los Angeles (HACLA).

1) The Los Angeles Housing Department provides the "Units/Beds" and "Status" information. The "Units/Beds" reported are Permanent Supportive Housing (PSH) units serving people experiencing homelessness. Note that information about these projects including the Supportive Housing unit count are available on LAHD's public dashboard: <https://housing.lacity.gov/housing/hhh-progress-dashboard>.

1) From which City system(s)/database(s) were the reported "Units/Beds," "Status," and "Open & Occupiable Date" generated?

LAHD provides a "RFO" or "Ready for Occupancy" date, which typically aligns with the date the Temporary Certificate of Occupancy (TCO) or Certificate of Occupancy (COO) is issued from the Los Angeles Department of Building and Safety (LADBS). Most PSH sites have Project-Based Vouchers (PBVs), and participants cannot move in until a Housing Assistance Payments (HAP) contract is executed with the Housing Authority for the City of Los Angeles (HACLA) for the PBV units at the site. Therefore, CAO reports the HAP contract execution date, rather than LAHD's RFO date, for sites with PBVs. Once LAHD has provided the list of sites with new RFO dates in the reporting period quarter, CAO staff send the list to HACLA Section 8 Department staff. HACLA Section 8 staff confirm whether the sites have PBVs and, if so, the HAP contract effective date (or HAP contract still in process). For sites with an RFO date and HAP effective date, the later date (typically the HAP effective date) is reported as the Open & Occupiable date. Any sites with PBVs that do not yet have a HAP contract effective date are listed as "In Process" in the report. Note that data collection for HAP contract effective dates from HACLA began in October 2023. Prior to that, LAHD requested this information from HACLA on an as needed basis (typically for sites that had an RFO date in the most recent quarter but no occupancy yet).

2) What supporting documentation (e.g., contracts, Non-Prop HHH invoices, permits, cost certifications, loan agreements etc.) is available for this "Address/Location"?

2) The majority of the primary documents for each project are stored in LAHD's internal HIMS database, a proprietary database. Funded projects will have executed loan agreements with recorded covenants that memorialize the funding sources, location, and affordability requirements of each project.

3) What funding sources were used for this "Address/Location," and how was City participation verified?

3) Information is being compiled and will be provided as soon as possible.

Monitor Garrie's Questions	Answers
How are offline housing units, as indicated in the footnotes to Exhibit A, tracked and defined?	Offline units are those not currently available to be occupied (for example, a unit undergoing ADA rehabilitation). The Office of the CAO removed offline units brought to its attention in the quarterly report.
What methodology did the City use to define the "Created," "Open," and "In Process" options for the "Status" category? Is it consistent across departments?	Items in the pipeline are reported as either "Open" or "In Process." "Open" projects are available to be occupied. "In Process" projects have received some sort of commitment/approval from the City but are not yet available to be occupied.
Given that the number of Unit/Beds for several of the Address/Location rows listed on Exhibit A may "fluctuate," how did the City determine which number to report? Is it an average, a number based on a specific date, or some other method?	This footnote specifically refers to hotel/motel booking agreements. A booking agreement confirms a fixed nightly rate, but motel rooms used may fluctuate based on the number of participants at a location and room availability. The number reported in the quarterly report represents the highest number of rooms invoiced during that particular quarter, minus any rooms used for administrative purposes.
How is the number of Unit/Beds for a given housing unit calculated if the contractual agreement type is "booking agreement" or "occupancy agreement?"	Please see the explanation above for booking agreements. An occupancy agreement includes a fixed nightly rate as well as a guaranteed number of rooms, regardless if they are filled or not. The number of rooms reported is based on the number of rooms contracted for under the occupancy agreement, minus any administrative rooms noted in the invoices for that quarter.
Are the housing units (i.e., the rows) in Exhibit A organized by address or project? If the former, why does Exhibit A not include an address for each project? For example, Row 2 has an Address of "PATH Villas Montclair/Gramercy (Recap-Site 2 of 2) 3317 W WASHINGTON BLVD Los Angeles, CA 90018," but the explanation on Exhibit B includes a second project at "4220 W. Montclair St," which is not otherwise included on Exhibit A.	Rows are primarily organized by site (address/location), but in some cases rows may include multiple related addresses (for example, Row 5) With regard to Row 2, as explained in Exhibit B, only the Gramercy site is counting toward the Settlement, as the Montclair site opened prior to the Settlement start date. Therefore, only the address and PSH units for the Gramercy site are listed.
Please provide a definition for each column (e.g., "Address/Location," "Beds/Units," etc.) in the October 2025 report including, where applicable, a definition of the data entered (e.g., "In Process" and "Removed" for "Total PEH Served")?	Please see definitions tab
Are these definitions consistent across each housing unit and City department collecting the data?	Any differences in definition for various project types are noted
What is the City's definition of persons experiencing homelessness ("PEH"), and is that definition uniform across housing units and City departments?	The City uses HUD's definition of homelessness, which can be found here: https://www.hudexchange.info/homelessness-assistance/coc-esg-virtual-binders/coc-esg-homeless-eligibility/four-categories/
How does the City collect and verify information regarding the number of PEH? How does the City correlate the PEH date with the housing unit data?	Depending on the project, data is collected from the Los Angeles Housing Department (LAHD), the Housing Authority of the City of Los Angeles (HACLA), the Los Angeles Homeless Services Authority (LAHSA), or the Community Investment for Families Department (CIFD). The data requests are specific to the beds/units listed on the quarterly report.
How are errors or additional findings from prior reports tracked? Are these errors corrected in subsequent quarters? If so, what is the process?	Any errors and/or updates brought to the attention of the Office of the CAO are corrected/updated in the subsequent quarterly report. Any such updates are noted in footnotes in the quarterly report.

Term	Definition
Council District	Council District where the site is located. In some cases, a site may be located adjacent to the Council District boundary (for example, on the West LA VA campus or in unincorporated LA County across the street from a Council District boundary), in which case the adjacent Council District is listed.
Intervention Type	<p>PSH: Permanent Supportive Housing. A housing model that combines permanent, affordable housing with supportive services to help individuals and families achieve and maintain housing stability. Supportive services can include case management, mental health care, substance abuse treatment, job training, and other services that help individuals build independent living skills. https://www.lahsa.org/documents?id=9520-psh-glossary-of-terms.pdf</p> <p>IH: Interim Housing. An intervention that provides people experiencing homelessness with temporary housing intended to resolve their immediate experience of unsheltered homelessness, connect participants to permanent housing opportunities in their communities, and provide various other services. https://www.lahsa.org/documents?id=2618-interim-housing-practice-standards.pdf</p> <p>TLS: Time-Limited Subsidy: Permanent housing program that provides housing identification and attainment services, case management and financial assistance, typically for a period of up to twenty-four (24) months. https://www.lahsa.org/documents?id=8141-srs-time-limited-subsidy-tls-all-populations-fy-24-25.pdf</p>
Project Type	<p>Prop HHH: Permanent Supportive Housing receiving Proposition HHH financing</p> <p>Non-Prop HHH: Permanent Supportive Housing receiving financing that does not include Proposition HHH (e.g. 4% or 9% tax credit financing or other City participation)</p> <p>Homekey 1, 2, 3: Permanent Supportive Housing or Interim Housing receiving State of California Department of Housing and Community Development Homekey funding</p> <p>Interim Housing: See "Intervention Type" definition above.</p> <p>Interim Housing (Hotel/Motel Booking Agreement): Hotel/Motel used for interim housing. A booking agreement confirms a fixed nightly rate, but motel rooms used may fluctuate based on the number of participants at a location and room availability.</p> <p>Interim Housing (Hotel/Motel Occupancy Agreement): Hotel/Motel used for interim housing. An occupancy agreement includes a fixed nightly rate as well as a guaranteed number of rooms, regardless if they are filled or not.</p> <p>Interim Housing (DV Emergency Shelter): Confidential shelter providing emergency housing to survivors of domestic violence. The U.S. Department of Housing and Urban Development (HUD) definition of homelessness includes individuals and families fleeing/attempting to flee domestic violence: https://www.hudexchange.info/homelessness-assistance/coc-esg-virtual-binders/coc-esg-homeless-eligibility/four-categories/category-4/</p> <p>Interim Housing (THV): Tiny Home Village (THV) interim housing typology. THV sites provide standalone sleeping units that accommodate a maximum of two participants, along with shared hygiene units, laundry facilities, and common areas.</p> <p>Interim Housing (Modular Units): Modular Residential Unit interim housing typology. Modular residential units are a similar interim housing typology to THVs, but differ with regard to their larger size, greater amenities, and longer lifespan. Such units may include features such as kitchenettes and bathrooms. These units must be State-certified and construction of these sites is regulated by the California Department of Housing and Community Development (HCD).</p> <p>Permanent Supportive Housing (Master Lease): Permanent housing typology in which an entire building is leased in order to provide permanent supportive housing for persons experiencing homelessness.</p> <p>Time-Limited Subsidies: See "Intervention Type" definition above.</p>
Address/Location	Name and/or address of site counting toward Settlement requirements.
Units/beds	<p>Number of units/beds serving people experiencing homelessness counting toward Settlement requirements, reported by type of project as follows:</p> <p>Permanent Supportive Housing projects are reported by unit</p> <p>Hotel/Motel Booking/Occupancy agreements are reported by unit</p> <p>All other interim housing typologies aside from hotel/motel booking/occupancy agreements are reported by bed</p> <p>Time-Limited Subsidies (in progress) are reported by subsidy. As subsidies are utilized, TLS will be reported as "open" by the number of people supported by the subsidies.</p>
Status	<p>Open: Units/beds are open and available to be occupied</p> <p>In process: Beds/units have received approval (e.g. funding or other formal approval from Council/Mayor, such as the approval of the City's bed plan with 2,000 new TLS) but are not yet open and occupiable</p> <p>Removed: Site/project removed from the list of projects counting toward the Settlement Agreement</p>
Open & Occupiable Date	<p>Date that site became open and available to be occupied</p> <p>Hotel/Motel Booking/Occupancy Agreements: Dated reported is the first invoice date for each hotel/motel, based on invoice records held by CAO</p> <p>Other Interim Housing sites: date of first intake</p> <p>For Permanent Supportive Housing sites, LAHD provides a "RFO" or "Ready for Occupancy" date, which typically aligns with the date the Temporary Certificate of Occupancy (TCO) or Certificate of Occupancy (COO) is issued from the Los Angeles Department of Building and Safety (LADBS). Most PSH sites have Project-Based Vouchers (PBVs), and participants cannot move in until a Housing Assistance Payments (HAP) contract is executed with the Housing Authority for the City of Los Angeles (HACLA) for the PBV units at the site. Therefore, CAO reports the HAP contract execution date, rather than LAHD's RFO date, for sites with PBVs. Once LAHD has provided the list of sites with new RFO dates in the reporting period quarter, CAO staff send the list to HACLA Section 8 Department staff. HACLA Section 8 staff confirm whether the sites have PBVs and, if so, the HAP contract effective date (or HAP contract still in process). For sites with an RFO date and HAP effective date, the later date (typically the HAP effective date) is reported as the Open & Occupiable date. Any sites with PBVs that do not yet have a HAP contract effective date are listed as "In Process" in the report. Note that data collection for HAP contract effective dates from HACLA began in October 2023. Prior to that, LAHD requested this information from HACLA on an as needed basis (typically for sites that had an RFO date in the most recent quarter but no occupancy yet).</p>

Hi Mr. Mejia. Dropping Mr. Gipson from this chain. We've requested that if Mr. Garrie (or you, on his behalf) would like to speak with or get information from any City official or employee (other than you) in his capacity as monitor in this litigation, the request should be made through the City's counsel and then we can coordinate. Of course, if the Court has given a different instruction, please let us know.

Thanks.

Kahn A. Scolnick
