1 The County of Los Angeles (“County”) hereby submits this status report containing
2 the information required by Section D.9 of the Settlement Agreement, including the
3 First and Second Addenda (together, “Agreement”), between Plaintiffs and the
4 County for the quarter ending March 31, 2026. The County continues to meet or
5 exceed the milestones set under the Agreement.

6 Following his latest report, also filed March 31, 2026 ([Dkt. 1192](#)), Special
7 Master Thomas Goethals extended the County’s time to prepare this quarterly status
8 report to allow for a discussion in advance of this report. Where noted, the County
9 has provided information at the advice and recommendation of Special Master
10 Goethals for added context and clarity regarding the reportable items.

11 **I. DEPARTMENT OF HOMELESS SERVICES AND HOUSING**

12 Certain services and other responsibilities relevant to the Agreement have
13 been transitioned to the new County Department of Homeless Services and Housing
14 (“HSH”): Service Connection Events for interim housing clients, intensive case
15 management services (“ICMS”), Multi-Disciplinary Teams (“MDTs”), high-service
16 need interim housing beds, and the Countywide Benefits Entitlement Services Team
17 (“CBEST”).

18 **II. REPORTING ITEMS**

19 **A. Support For Plaintiffs’ Settlement With The City**

20 The County continues to support the settlement between Plaintiffs and the
21 City by funding a suite of “mainstream” services at interim housing (“IH”) units,
22 and mainstream and ICMS at permanent supportive housing units (“PSH”), created
23 by the City pursuant to the Plaintiffs/City settlement. The County’s “mainstream”
24 services were last detailed in its quarterly report filed October 30, 2025 ([Dkt. 1059](#))
25 and include public assistance programs, moderate-to-severe specialty mental health
26 services, substance use disorder services, certain healthcare services, and benefits
27 advocacy administered through the County Departments of HSH, Public Social
28 Services (“DPSS”), Mental Health (“DMH”), Public Health – Substance Abuse

1 Protection and Control (“DPH-SAPC”), and Health Services (“DHS”). Many
2 clients may already be enrolled in County mainstream services prior to placement in
3 IH as a result of prior referrals or engagement with County outreach and benefits
4 eligibility teams. The County also continues to facilitate connections for residents
5 through “Service Connection Events,” which serve as one-stop shops for clients to
6 learn about and access County programs and services. The County also offers
7 training to providers and operators on how to refer clients for services throughout
8 their stay.

9 On the PSH side, ICMS is intended to help participants maintain housing
10 stability. Case managers employed at contracted agencies provide supportive
11 services to participants throughout their housing stabilization process and are
12 flexible in their approach to meeting participants’ needs. Services offered through
13 ICMS include assessment and service planning; linkage to health, mental health, and
14 substance use disorder services; assistance with benefits, income, legal issues, and
15 transportation; crisis management; tenant education, eviction prevention, and more.
16 One key tool is the ICMS Snapshot, refreshed and reviewed weekly, which tracks
17 service frequency, health insurance status, housing progress, income and benefits,
18 hospitalizations, and more. This tool helps the County identify service gaps and
19 trends, guiding interventions at every level. Additionally, the County requires
20 quarterly assessments and care plan updates for all program participants. These
21 assessments help determine whether extra support is needed, such as clinical
22 services, behavioral health resources, in-home caregiving, or assistance with
23 placement into a licensed setting. In addition to visiting newly opened PSH sites to
24 ensure collaboration is occurring between ICMS and property management, the
25 County conducts ongoing onsite visits to observe day-to-day ICMS operations,
26 provide training and technical assistance, and address critical cases through case
27 conferencing. These combined efforts allow the County to closely monitor service
28

1 delivery, promptly address issues, and ensure participants receive the support they
2 need.

3 Attached as **Exhibit A1** is a summary of the County mainstream services
4 accessed by residents of the City’s interim housing sites during the reporting period
5 (October 1, 2025–December 31, 2025). Attached as **Exhibit A2** is a summary of
6 ICMS and mainstream services accessed by residents in the City’s PSH during the
7 reporting period (October 1, 2025–December 31, 2025).

8 Under the Agreement, the County agreed to report on the dispositions of
9 referrals from City-funded outreach workers to County Departments each reporting
10 period, to the extent it received information from the City about what referrals their
11 outreach workers had made during that time period. Because City-funded outreach
12 workers have not historically tracked referrals to County mainstream services, the
13 County worked with LAHSA to implement a documented referral pathway within
14 the Homeless Management Information System (“HMIS”) to capture this
15 information. The County also worked with the City to receive, on a quarterly basis,
16 a current list of outreach staff.¹ City-funded outreach workers are not County
17 employees, and the County does not supervise or control how those workers
18 conduct, track, or document their outreach activities.

19 As in prior reports, **Exhibit E** contains the available data on the disposition of
20 referrals from City-funded outreach workers to County Departments that were
21 properly documented in the HMIS referral pathways for the reporting period, which
22 remains limited. For avoidance of doubt, to prepare Exhibit E, County also
23 populated a report from HMIS that identified 217 total referrals documented during
24 the reporting period, which it cross-referenced against the City’s official list of 147
25 outreach staff and Department records. Of the total universe of 147 City-funded
26

1 outreach workers, only 4 documented contacts or service requests (one each) using
2 the referral pathways in HMIS. The remaining referrals documented in HMIS were
3 done so by non-City funded outreach workers, such as those contracted with the
4 County’s Department of Homeless Services and Housing. Of the 4 documented
5 referrals by City-funded outreach workers, 2 were successfully reached, 1 is
6 currently in process, and 1 involved an unsuccessful attempt to reach the City
7 outreach worker.

8 Special Master Goethals has shared concerns that this data, although required
9 by the letter of the agreement, may project a distorted view of City-funded outreach
10 staff. Therefore, the County wants to expressly acknowledge the extraordinary
11 dedication of all outreach workers, who serve on the front lines under challenging
12 conditions and with limited resources, and make clear Exhibit E should not be
13 construed as reflecting a lack of effort or engagement with PEH in the field by City-
14 funded outreach workers, or the actual utilization of County mainstream services by
15 the population these (and other) outreach workers serve. Exhibit E does, however,
16 still represent the only available data responsive to the specific reporting categories
17 required by the Agreement.

18 **B. High-Service Need Beds Available To County Outreach Teams**

19 The County remains committed to ensuring County MDTs And Homeless
20 Outreach Mobile Engagement (“HOME”) teams can refer PEH in the City to high-
21 service need IH beds. As a reminder, MDTs are deployed by DHS and are
22 comprised of individuals with specialized training and expertise as health
23 professionals, mental health specialists, substance abuse counselors, and case
24 managers, as well as someone with lived experience with homelessness, who
25 provide outreach and engagement to connect PEH with complex health and/or
26 behavioral conditions to housing, supportive services, and sources of income.
27 HOME teams are deployed by DMH and are field-based teams that provide field-
28 based outreach, engagement, and treatment to a more specific target population,

1 people with severe and persistent mental illness who are experiencing unsheltered
2 homelessness. *See also infra*, Section I.E. There are two types of high-service need
3 beds. “Recuperative Care” beds are short-term, unlicensed housing for individuals
4 recovering from acute illness or injury who need stable housing with medical care,
5 and “Stabilization” beds are a form of IH with attached supportive service for
6 unhoused individuals with complex health and/or behavioral health conditions.
7 These resources are distinct from and in addition to the 3,000 new “mental health”
8 and “substance use disorder (SUD)” beds described in **Exhibit C**.

9 Pursuant to the Agreement, **Exhibit B** contains the number of referrals from
10 the County’s MDTs and HOME teams operating in the City to these Recuperative
11 Care and Stabilization beds, as well as the status of those referrals and the reasons
12 any referrals were not accepted. Referrals made by MDT/HOME teams to these
13 beds and the resulting outcomes are documented in CHAMP, which is the source of
14 the data in Exhibit B. The eligibility criteria of these beds is as follows:

15 1) Homeless; 2) Presents with a complex health and/or behavioral health condition;
16 3) Able and willing to self-administer medication; and 4) Cognitively alert and
17 oriented to person place, date, and situation. Some clients may be referred to
18 higher- or lower- acuity beds, depending on their specific needs. As of March 31,
19 2026, DHS has received 1,987 total referrals from these teams, of which 1,016 have
20 resulted in placement or are pending placement into a bed. During the reporting
21 period specifically, the County received 240 referrals from County outreach teams
22 assigned to work within the City and accepted 66 PEH into high-service need
23 interim housing beds.

24 Special Master Goethals suggested it would be helpful for the County to
25 include additional context regarding this reporting item to minimize possible
26 confusion. Exhibit B reflects one type of outreach activity, to one type of housing
27 resource, from only a single source, within a specific geographic area. In addition,
28 eligibility for these beds is narrower than other forms of IH. As a result, the number

1 of referrals reported in Exhibit B represents a very small portion of the full system
2 of referrals and services provided by these teams.²

3 **C. Mental Health (“MH”)/Substance Use Disorder (“SUD”) Beds**

4 This quarter, the County added 251 net new MH/SUD beds, bringing the total
5 portfolio of new resources to 2,980 MH and SUD beds (1,233 MH beds and 1,747
6 SUD beds). The County is on track to meet the December 2026 milestone of 3,000
7 new beds. The accompanying Exhibit C continues to include a column highlighting
8 net change during this reporting period with improved readability. Like prior
9 reports, Exhibit C reflects cumulative reporting, meaning all of the beds listed as
10 have been developed/contracted since June 14, 2022 and continue to be open and
11 operational unless otherwise noted.

12 As noted in the Exhibit, this quarterly report incorporates a small number of
13 DPH-SAPC beds that were previously authorized but not reflected in earlier
14 summaries. Because the bed inventory is dynamic and changes over time, SAPC
15 conducts periodic quality assurance reviews as a best practice to ensure accuracy
16 and consistency throughout the dynamic bed management process. This process
17 validates records across contracts and reporting periods and resulted in a modest
18 upward adjustment to reported bed counts, which the County has elected to report in
19 the interest of transparency and completeness.

20 **D. Enriched Residential Care For Adult Residential Facilities**
21 **(“ARF”) And Residential Care Facilities For The Elderly**
22 **(“RCFEs”) Beds**

23 Exhibit D contains information regarding referrals and placements for
24 enriched-rate subsidies created pursuant to the Agreement through the Enriched

25 _____
26 ² For example, in FY 2024–25, beyond what was reported in the County’s status
27 reports, the HOME teams served over 2,000 people, provided almost 100,000
28 individual services, coordinated hundreds of unique housing placements and
hospitalizations, and initiated close to 100 new conservatorships.

1 Residential Care (ERC) Program for placements in ARFs and RCFEs. The County
2 has met the December 2026 obligation of 450 new subsidies ahead of schedule and
3 has exceeded the milestone by 3 subsidies. During the reporting period, the County
4 activated 25 new “LA Alliance” subsidies, bringing the cumulative total to 453 “LA
5 Alliance” subsidies issued, of which 451 are currently filled. To date, the County
6 has received 2,393 total referrals. Of those, 729 referrals were approved for
7 Alliance subsidies and 599 were approved for Non-Alliance subsidies. The total
8 number of Non-Alliance baseline subsidies stands at 714.

9 **E. MDTs/HOME Teams**

10 The County has met and maintains its obligation to operate 34 MDTs and 10
11 HOME teams serving within the City. No changes occurred during the reporting
12 period.

13 At the recommendation of Special Master Goethals, the County provides the
14 following summary of these outreach teams’ broader duties and capabilities:

15 **MDTs.** MDTs are administered by DHS and deployed by local Community-
16 Based Organizations and generally includes a Health Specialist, Mental Health
17 Specialist, Substance Use Specialist, Peer with Lived Experience, and Case
18 Manager. MDTs are allocated to all eight Service Planning Areas (SPAs) by
19 Homeless Count, with at least one team assigned to work in each LA City Council
20 District. The clinical specialists on MDTs allow the teams to support participants
21 who need a higher level of care directly in the field, including medical and
22 behavioral health assessments, connections to primary care, mental health and
23 substance use counseling, and other clinical services. MDTs collaborate closely
24 with other outreach teams and homeless system partners—including LAHSA
25 Homeless Engagement Teams, DMH HOME teams, and Full Service Partnership
26 teams—to ensure that all participants are supported with the appropriate level of
27 care.

1 **HOME Teams.** HOME is part of LA County’s larger coordinated homeless
2 outreach strategy and is operated by DMH. HOME is a full-scope street psychiatry
3 program providing specialty mental health services to adults experiencing
4 unsheltered homelessness and severe mental illness who may lack capacity to
5 engage in traditional services. It represents the highest level of outpatient care for
6 this population in both the Homeless Outreach and Mental Health Systems.
7 Individuals served by HOME have been unable to be successfully served by lower
8 levels of care.

9 The HOME Program currently operates approximately 18 teams countywide,
10 generally with 2 teams in each SPA. HOME teams are typically staffed with a mix
11 of Mental Health Clinical Supervisor, Masters Level Clinicians (Psychiatric Social
12 Workers or Marriage and Family Therapists), Mental Health Registered Nurse,
13 Substance Abuse Counselor, Medical Case Workers, Community Health Workers,
14 Clerk, plus a Psychiatrist and Psychiatric Nurse Practitioner each shared between
15 two teams. Staff deploy in pairs based on client service need.

16 HOME provides a comprehensive range of services including: basic needs
17 (food, clothing, hygiene products, medical supplies); housing placement in motels,
18 residential treatment, interim housing, and permanent housing; mental health
19 assessment; street psychiatry (physicians and nurse practitioners assess and
20 prescribe medication to people wherever they are); nursing care including physical
21 health assessment, vital monitoring, and wound care; daily medication management
22 and delivery; psychotherapy and psychosocial rehabilitation; and case management
23 to navigate systems and obtain resources such as disability income and identification
24 documents. When these services are insufficient to overcome an individual’s
25 impairment, HOME can utilize more restrictive interventions unique to the program,
26 including coordinated inpatient hospitalization and outpatient-initiated
27 conservatorship.

2 No changes occurred during the reporting period.

3 **G. The County’s Advocacy Efforts For PEH With Serious Mental**
4 **Illness or Substance Use Disorder**

5 During the reporting period, DMH continued state and federal advocacy to
6 expand resources, programs, and policies that increase the County’s capacity to treat
7 and house residents with serious mental illness who are experiencing or at risk of
8 homelessness. At the federal level, DMH submitted its FY 2027 Programmatic
9 Funding request for \$21 million in Behavioral Health Block Grant funds to support
10 comprehensive mental health services, crisis care, prevention, recovery, and housing
11 programs, including for unhoused residents and those at risk of homelessness.
12 DMH also submitted public comment opposing proposed rulemaking by the
13 Department of Education that would significantly lower federal lending caps for
14 students pursuing nursing and social work degrees—professions critical to
15 addressing the behavioral health and homelessness crisis. Additionally, DMH
16 provided input on the National Association of Counties’ letter to CMS regarding the
17 forthcoming Interim Final Rule for H.R. 1, which mandates twice-yearly Medicaid
18 eligibility redeterminations and poses a significant risk of inappropriate coverage
19 loss for PEH with severe mental illnesses. Attached hereto is DMH’s full report on
20 its advocacy efforts for the period of January 1, 2026 through March 30, 2026.

21 At the state level, DMH participated in the California Behavioral Health
22 Directors Association’s Sacramento Lobby Day, where Department leadership met
23 with over a dozen of the County’s legislative delegation members to advocate for
24 expanding the County’s behavioral health workforce. DMH also recommended that
25 the County oppose the Governor’s January Budget proposal to change Community
26 Based Mobile Crisis Response Services from a statewide Medi-Cal benefit to a
27 county-optional benefit. Based upon DMH’s recommendations, the County has
28 adopted an official opposed position on the Governor’s budget proposal.

1 Additionally, DMH submitted a joint County department letter to DHCS with
2 feedback on the State’s CalAIM 1115 Waiver renewal, recommending that DHCS
3 expand eligibility for proposed Employment Supports Medi-Cal benefit to all Medi-
4 Cal members, including people experiencing homelessness.

5 DPH-SAPC also continued to track, serve as a subject matter expert on, and
6 advocate for legislation to expand services and funding opportunities for unhoused
7 individuals with substance use disorders. DPH-SAPC is currently tracking 26 active
8 pieces of legislation related to housing for people experiencing or at risk of
9 homelessness with SUDs through the 2025–26 State Legislative session. Among
10 the priority bills, DPH-SAPC is advocating for AB 1556 (Haney), which would
11 clarify that recovery residences meeting standards aligned with Housing First Core
12 Components and NARR standards are eligible for state funding, and is opposing SB
13 1060 (Valladares), which would restrict SUD treatment facility locations and limit
14 access to care. DPH-SAPC also continues to advocate for continuation of funding
15 and implementation of the BH-CONNECT 1115 Demonstration, which centers
16 housing interventions as a key component, and is tracking H.R. 1 implementation
17 and its projected impact on clients, provider agencies, and federal funding streams.
18 Attached hereto is DPH-SAPC’s full report on its advocacy efforts for the period of
19 January 1, 2026 through March 31, 2026.

20 **III. DATA VERIFICATION**

21 The County continues to work with Special Master Goethals to validate the
22 information provided in the County’s quarterly reports. At an in-person discussion
23 on May 11, 2026 at the Department of Homeless Services and Housing headquarters
24 in Skid Row, the County renewed its offer to provide the Special Master with
25 additional background and supporting documentation (i.e., contracts), and data upon
26 request to support the Special Master’s verification efforts, as well as facilitate site
27 visits and conversations with people at those locations. The County also continues
28

1 to upload invoices related to the LA Alliance Settlement approximately every month
2 to <https://lacounty.gov/alliance/>. The latest update was posted on May 4, 2026.

* DPSS: Outreach workers document referrals for screening and assistance with benefits applications to CalWORKs, General Relief, CalFresh, and Medi-Cal submitted to the designated DPSS email address, PEHOutreachReferral@dps.lacounty.gov. DPSS reports on whether it provided benefits information, intake applications, and application dispositions.

** DHS-CBEST: Outreach workers document referrals for screening and assistance with SSI, SSDI, and CAPI applications submitted by e-mail (cbestreferral@dhs.la.county.gov), phone (323-274-3777), or fax (213-482-3395). DHS-CBEST conducts intake appointment and reports on eligibility determinations.

*** DMH: Outreach worker document referrals for PEH experiencing a behavioral health crisis, or otherwise in need of specialty mental health treatment. Crisis referrals are submitted via telephone (800-854-7771), and referrals are added to dispatch board for response by a DMH Field Intervention Team. Other referrals are made through DMH's online portal, where referral is evaluated and assigned to appropriate program (i.e., HOME team, outpatient, or Full-Service Partnership). Upon receipt, provider will contact referring party or client to coordinate services. DMH reports on referral disposition as documented in Department's referral tracking system and/or the client's electronic health record system.

**** DPH-SAPC: Outreach workers document referrals to SASH by calling a 24/7 helpline 800-854-7771, and/or through or through contracted provider staff known as the CENS. SASH and CENS agents are able to provide screening, resources, and further linkage/referrals to SUD-treatment providers. DPH-SAPC reports on referral disposition as documented in clients' electronic health records.

***** No response was received to departmental inquiries about these referrals. This includes referrals previously reported as "in process."

PROOF OF SERVICE

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES

At the time of service, I was over 18 years of age and not a party to this action. I am employed in the County of Los Angeles, State of California. My business address is 2121 Avenue of the Stars, Suite 2600, Los Angeles, CA 90067.

On May 29, 2026, I served true copies of the following document(s) described as:

DEFENDANT COUNTY OF LOS ANGELES' STATUS REPORT PURSUANT TO SETTLEMENT AGREEMENT FOR QUARTER ENDING MARCH 31, 2026

on the interested parties in this action as follows:

SEE ATTACHED SERVICE LIST

BY CM/ECF NOTICE OF ELECTRONIC FILING: I electronically filed the document(s) with the Clerk of the Court by using the CM/ECF system. Participants in the case who are registered CM/ECF users were served by the CM/ECF system.
